

AFRICAN GRAIN CARE EQUIPMENT LTD

Machine Manufacturers:

ANDRITZ

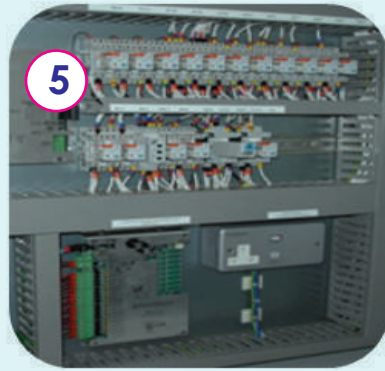

BUHLER
Milling Plants

SYMAGA
SILOS

AGCE
Post Harvest Grain Solutions

OUR CORE FUNCTIONS

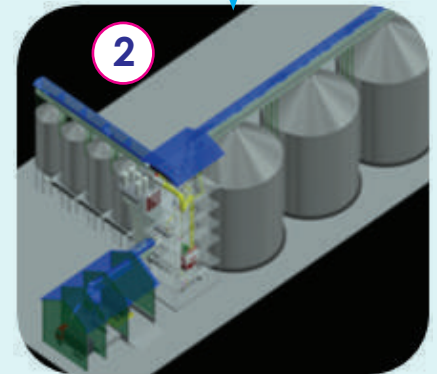

5
After sale services, Servicing equipment and Providing spares

1
Identifying needs from clients

4
Installation, Commissioning and Training

2
Designing solutions

3
Importing Equipment

INTRODUCTION

African Grain Care Equipment Limited (AGCE) is a company incorporated in Kenya with its headquarters in Eldoret at the North West of Kenya. It deals in Post-Harvest Agricultural Machinery through design of plants, importation, sale of machinery, installation, commissioning and setting up of turnkey plants, maintenance and service of equipment.

African Grain Care Equipment Limited was established to address the need for modern technology in post-harvest grain handling in Africa. The AGCE team have a great wealth of knowledge and experience in grain handling with the Technicians and Engineers who have between 10 years and 22 years in both mechanical & electrical engineering, technical installation and sales.

Since its inception, AGCE has managed to sign partnership deals with leading established manufacturers of machinery and plant equipments e.g **Buhler** (Milling plant & equipment), **Symaga** (Silos), **Agrex** (Driers milling plant) and **Andritz**(Feed processing equipment). Other are **Probat** the global leaders in coffee roasters and grinders with a market share of more than 70% worldwide.

AGCE has handled numerous projects from its inception and keeps raising the standards in the workmanship and efficiency. AGCE has several projects (also completed) spread across the East Africa region. (Kenya, Uganda & Tanzania).

OUR CORE VALUES

Objectives

- ▶ To be the African leader in the supply and installation of post-harvest plant machinery & equipment by year 2030
- ▶ To Aid in reduction of post-harvest cereal losses to less than 5% of the harvest by 2030 through research, innovation & solutions
- ▶ To Offer cost effective solutions tailored to meet the needs of various grain products in different environments.

Vision:

To be the global leader in the provision of grain handling solutions.

Mission:

To identify grain handling needs, design and deliver timely solutions through installation, commissioning of plant machinery & Equipment and training technical personnel in Post-harvest grain handling in Africa and beyond.

Our Products & Services

Supply and Installation of: Steel storage silos, Driers, cleaners, graders, Destoners, bucket elevators, belt conveyors, grain piping, Coffee processing (driers, roasters, grinders), temperature monitoring and level control systems, Seed processing (fine cleaners, dressers, gravity tables), Electrical Control Systems(PLC, DCS, SCADA), Aspirators and controlled plant aspiration systems, Flour and animal Feed processing plants and Equipment.

Commissioning plant Installations and equipment and training of technical personnel.
After Sale services: Servicing and Maintenance of plants and equipment, Provisions of spares.

Probat coffee units

Supply complete coffee roasting system.

We install and service coffee machines from green bean reception, cleaning, grading, roasting, grinding to packaging.

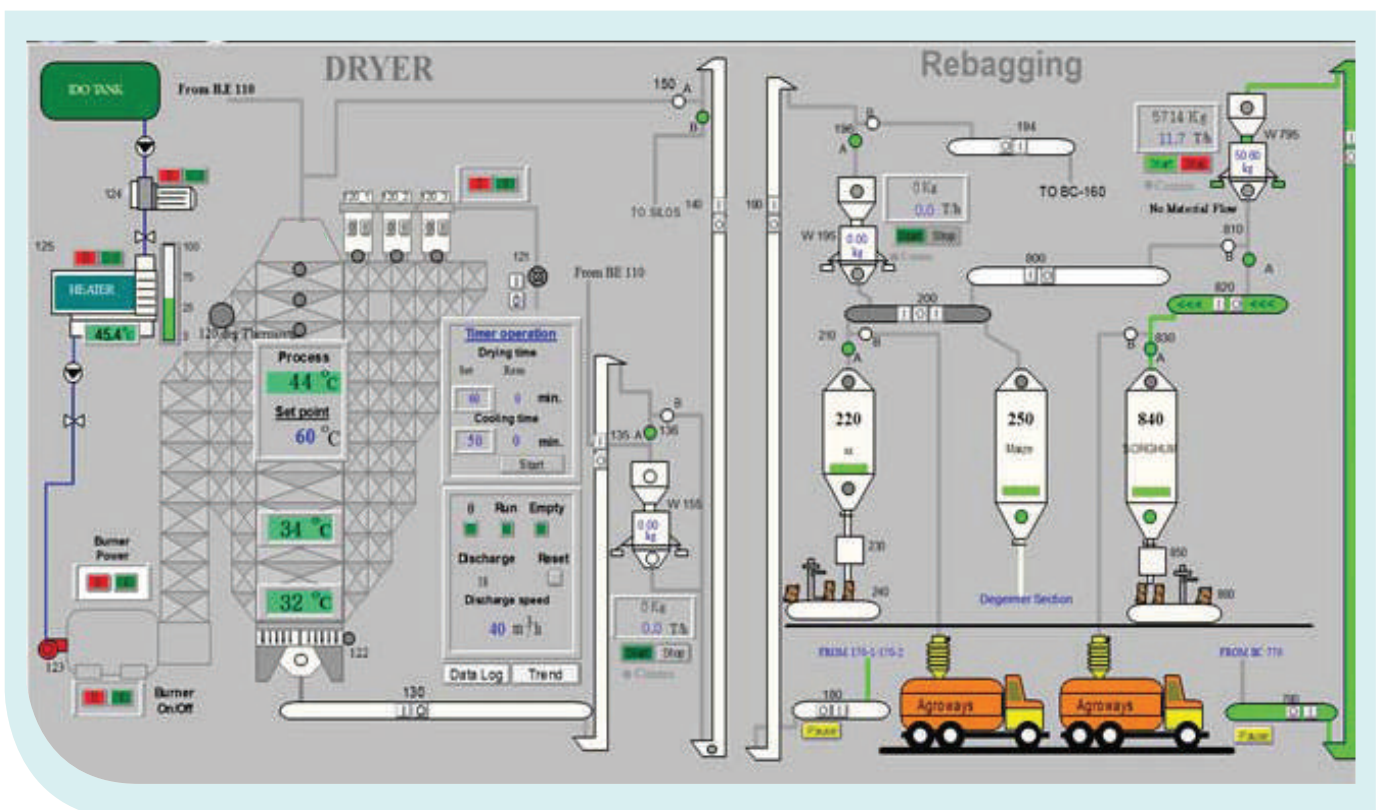

Quality lab equipment

Moisture analysers, Sample spears, etc at competitive prices with after sales service.

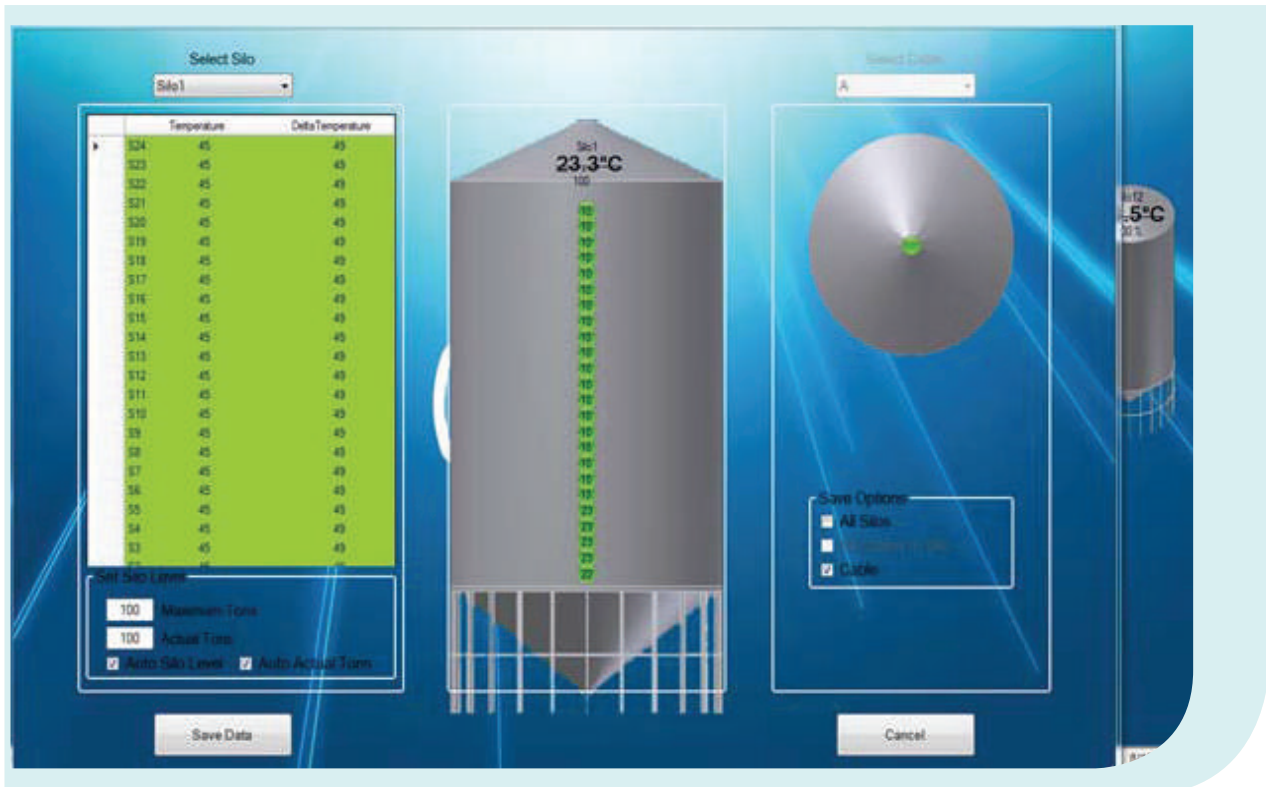

Agromatic digital moisture tester

INSTALLATION OF ELECTRICAL CONTROL AND OPERATION SYSTEMS

TEMPERATURE AND LEVEL CONTROL MONITORING SYSTEM

BUHLER MILLING PLANT MACHINES

Differential Proportioning Unit

Dust Filter, Aspiration Pipes and Air Locks

Cleaner-TAS

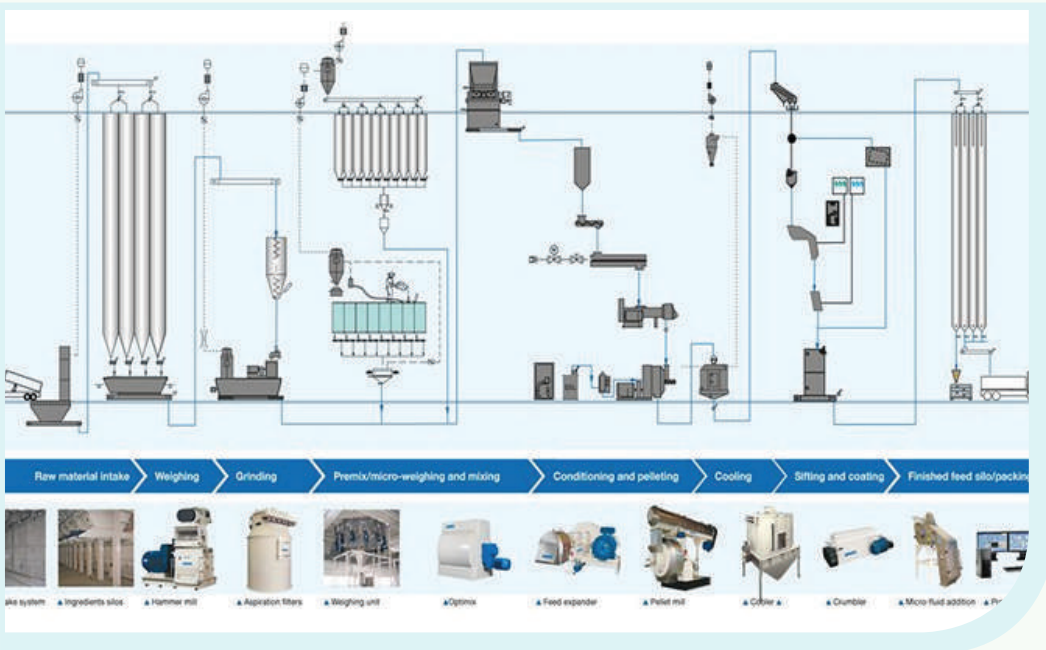

MDDP Roller Mills

Destoner MTSD

ANDRITZ FEED MILL PLANT FLOW DIAGRAM AND SPECIALIZED EQUIPMENT

Andritz single screw extruders represent state-of-the-art technology, ensuring high quality aqua feed at minimum operating costs.

Conditioners
Andritz offers conditioners that ensures optimum preparation of the material before the pelleting or extrusion process

AGREX MOBILE DRIER, MILL AND MAGNET

Tubular/Pipe Magnet For Removing Ferrous(Metallic) Materials in the Grain

Mobile Drier Using PTO on 70Hp Tractor

MEC25

Small feed mill from Agrex.

Wheat Flour Mill-1/t/h Capacity.

SYMAGA SILOS AND CONSTRUCTION STAGES

10,000 MT SUNFLOWER, SOY BEAN STORAGE, INTAKE, CLEANING PLANT EXTENSION

Mt. Meru Millers, Singida Tanzania, Silo Installation 2016

NEW 300MT/24HR. WHEAT FLOUR MILL INSTALLATION 2018.

APRIL 2018 TO NOV. 2018.

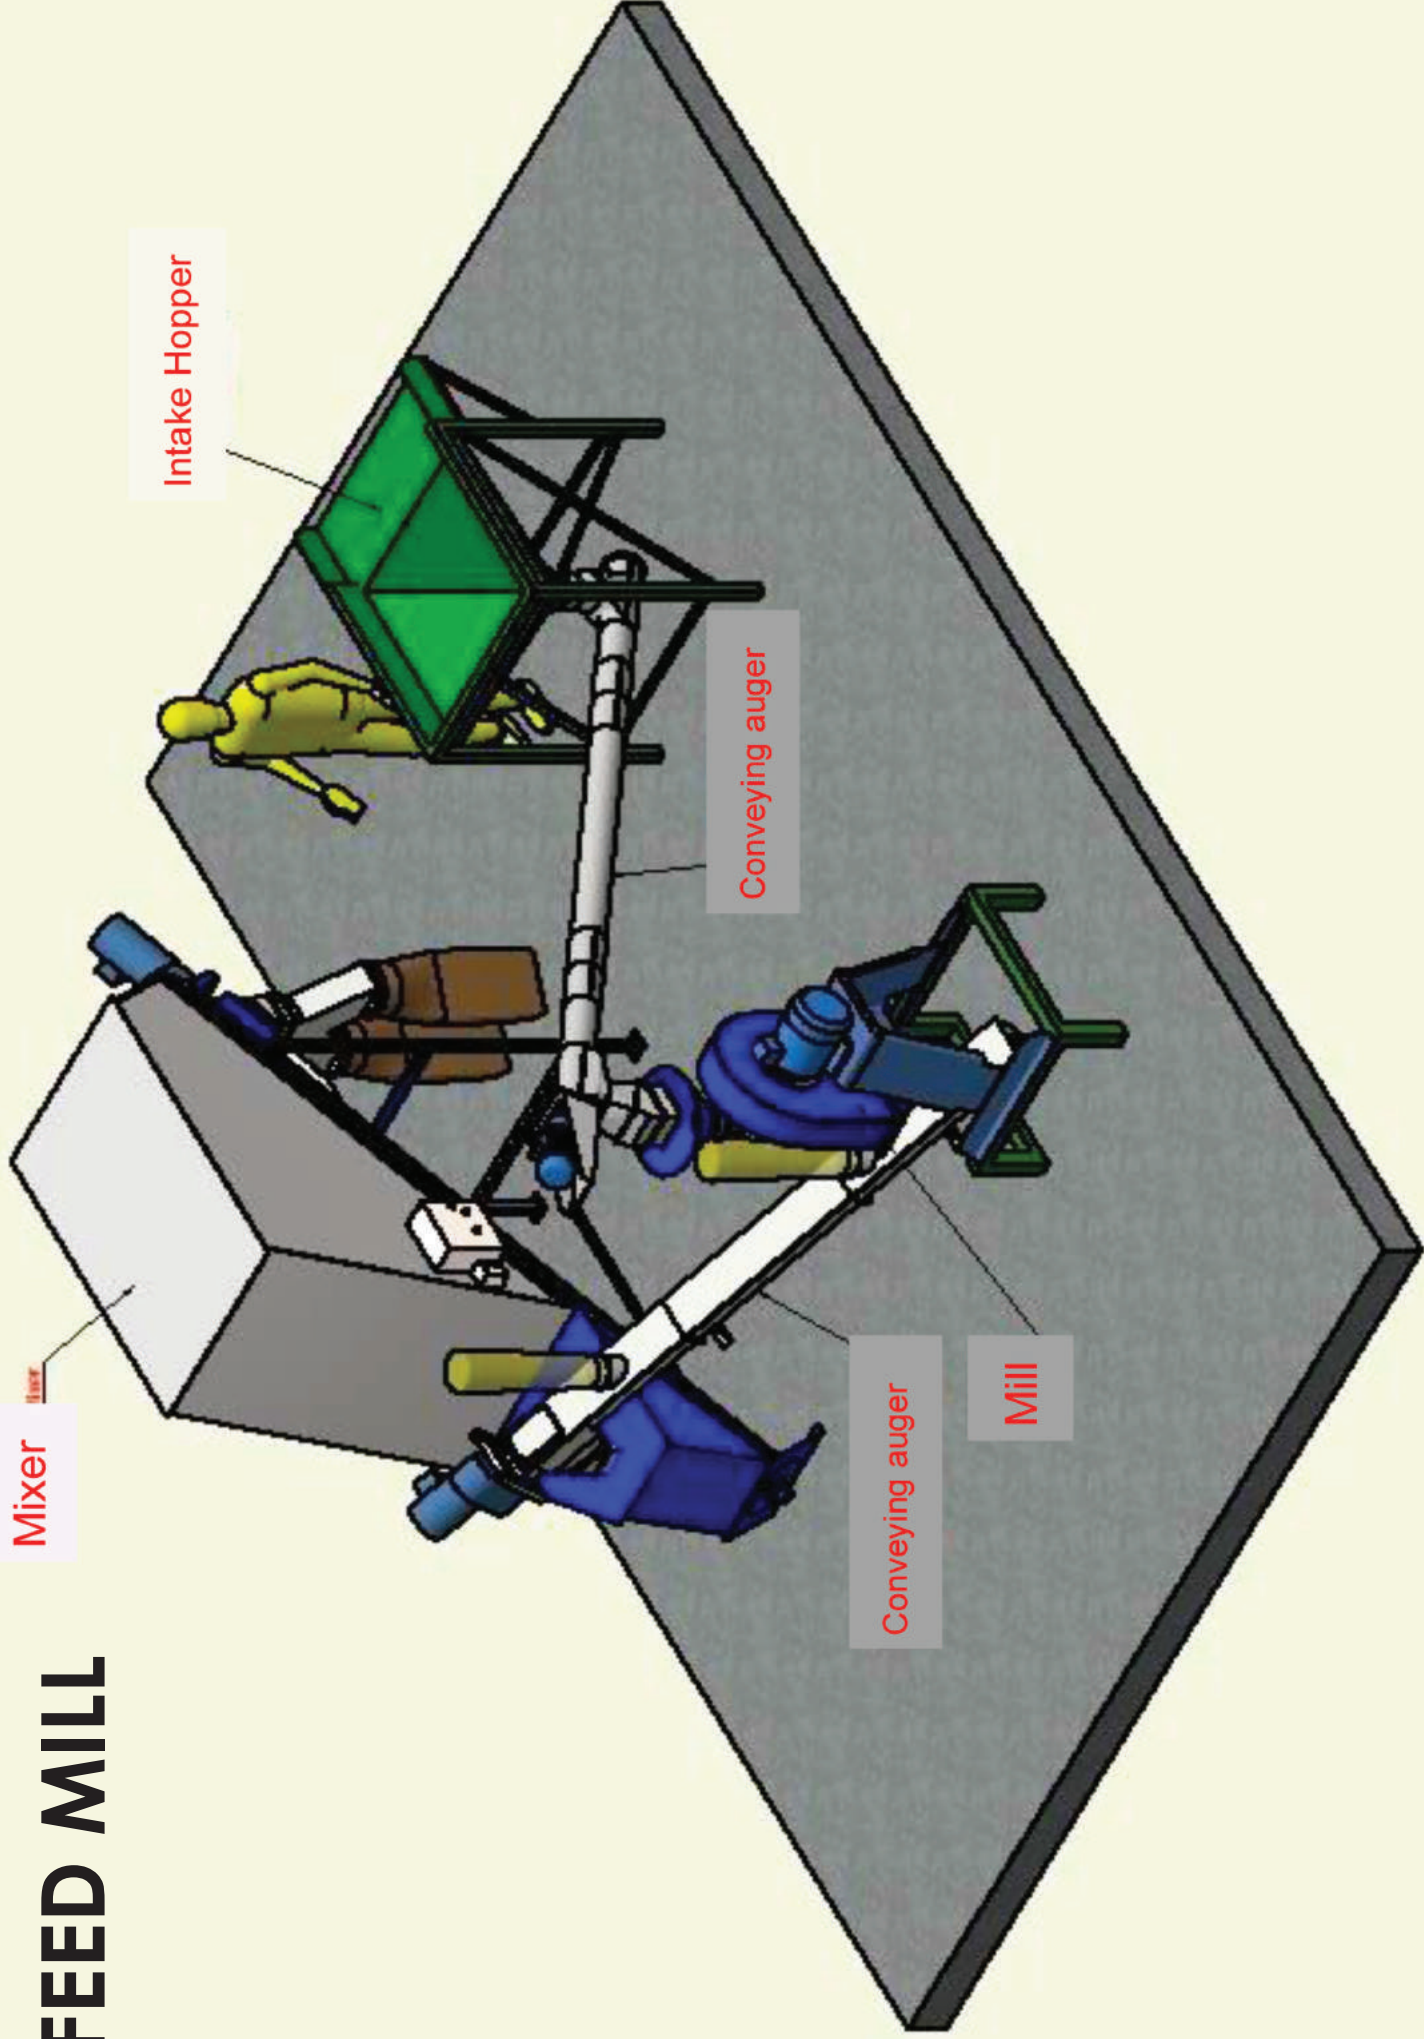

Installation of Buhler milling plant by AGCE employees. With passion for quality & safety.

**NEW 300MT/24HR. WHEAT FLOUR MILL INSTALLATION 2018.
APRIL 2018 TO NOV. 2018.**

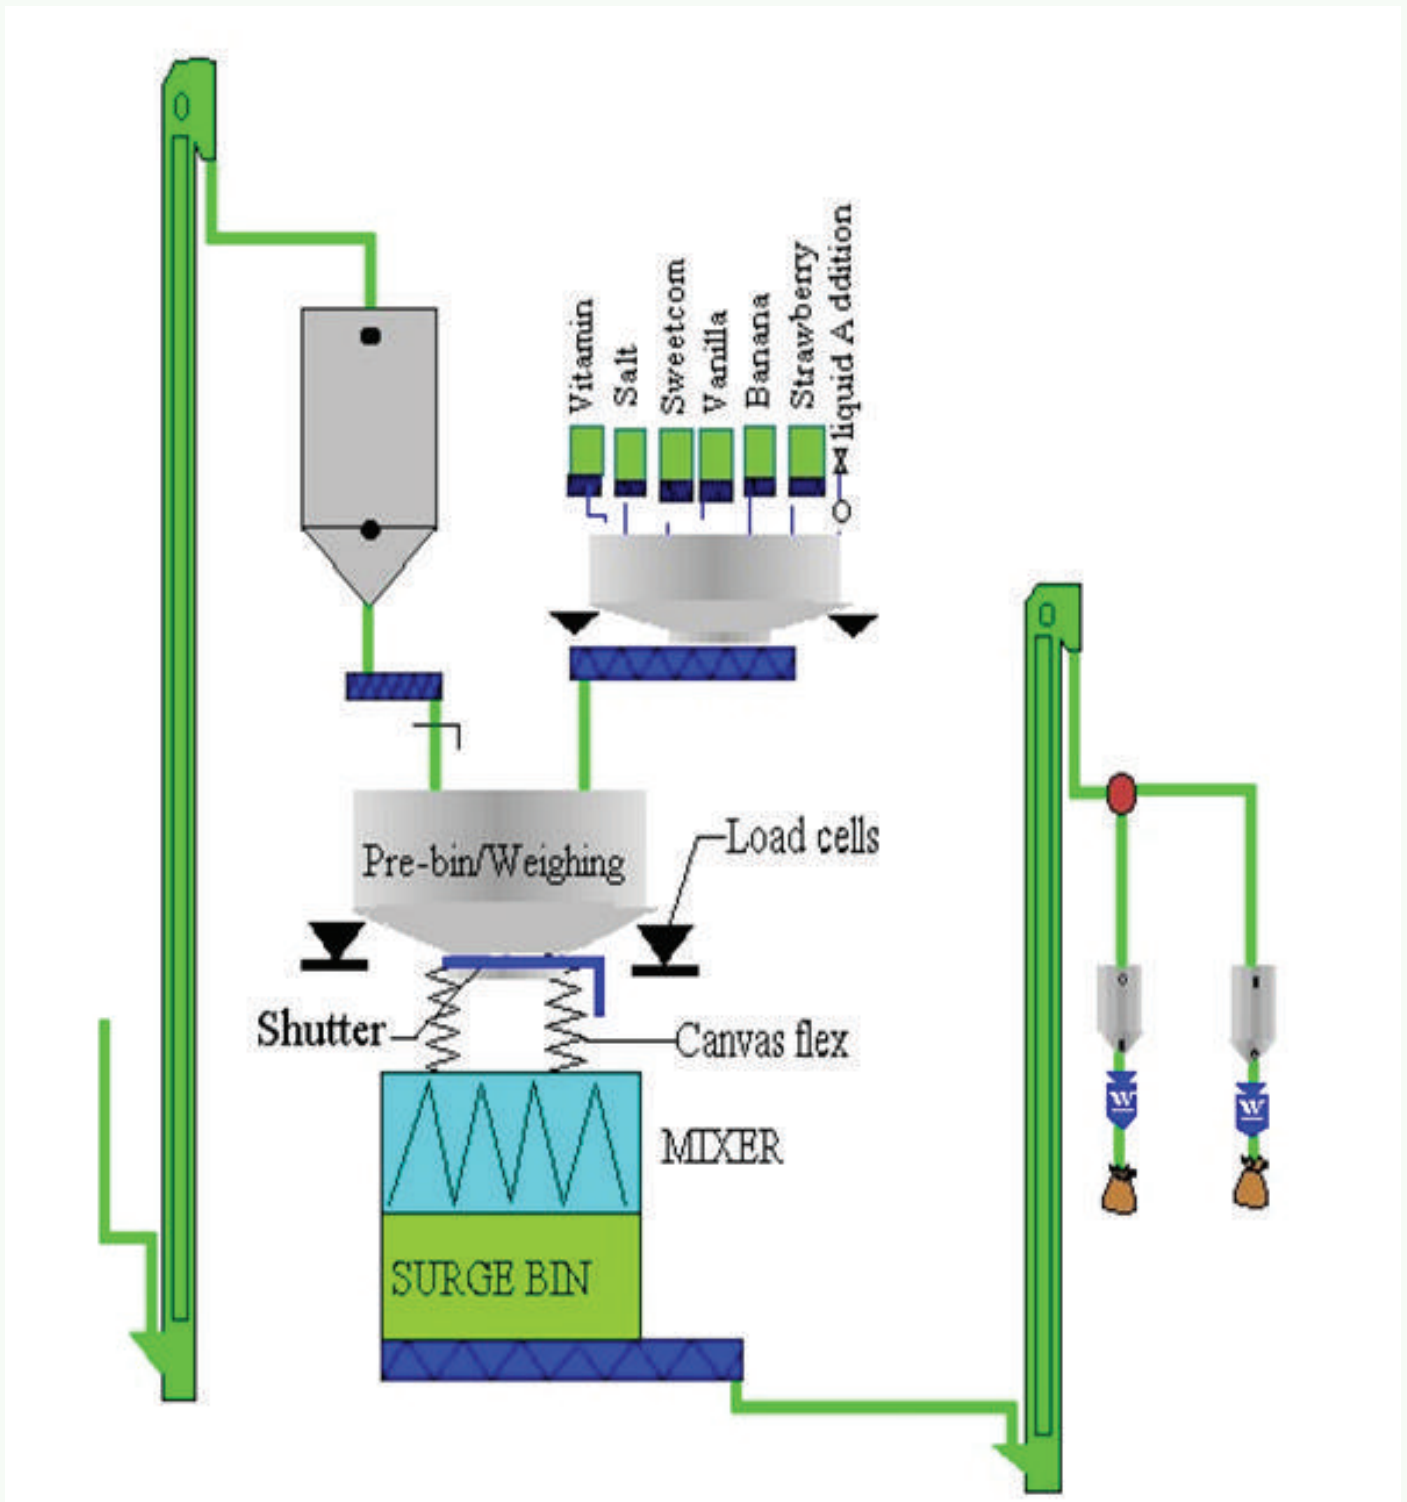

Eldoret Unga Ltd Mill Installation

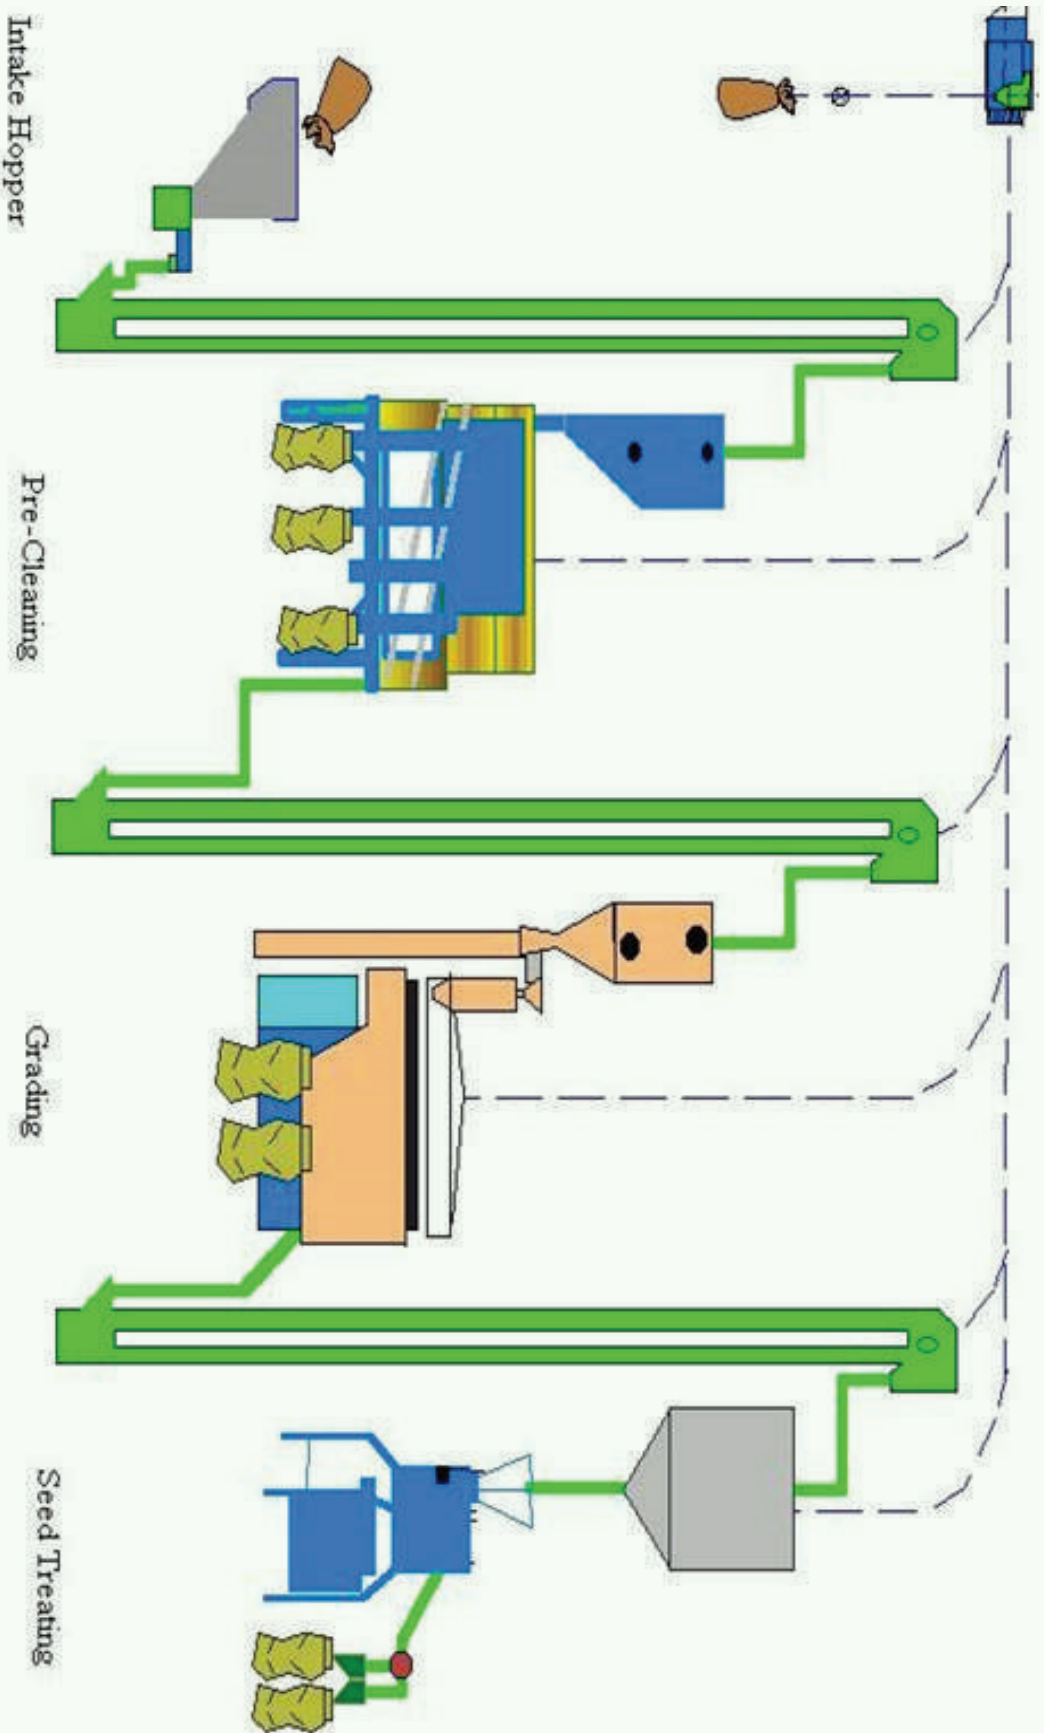

FEED MILL

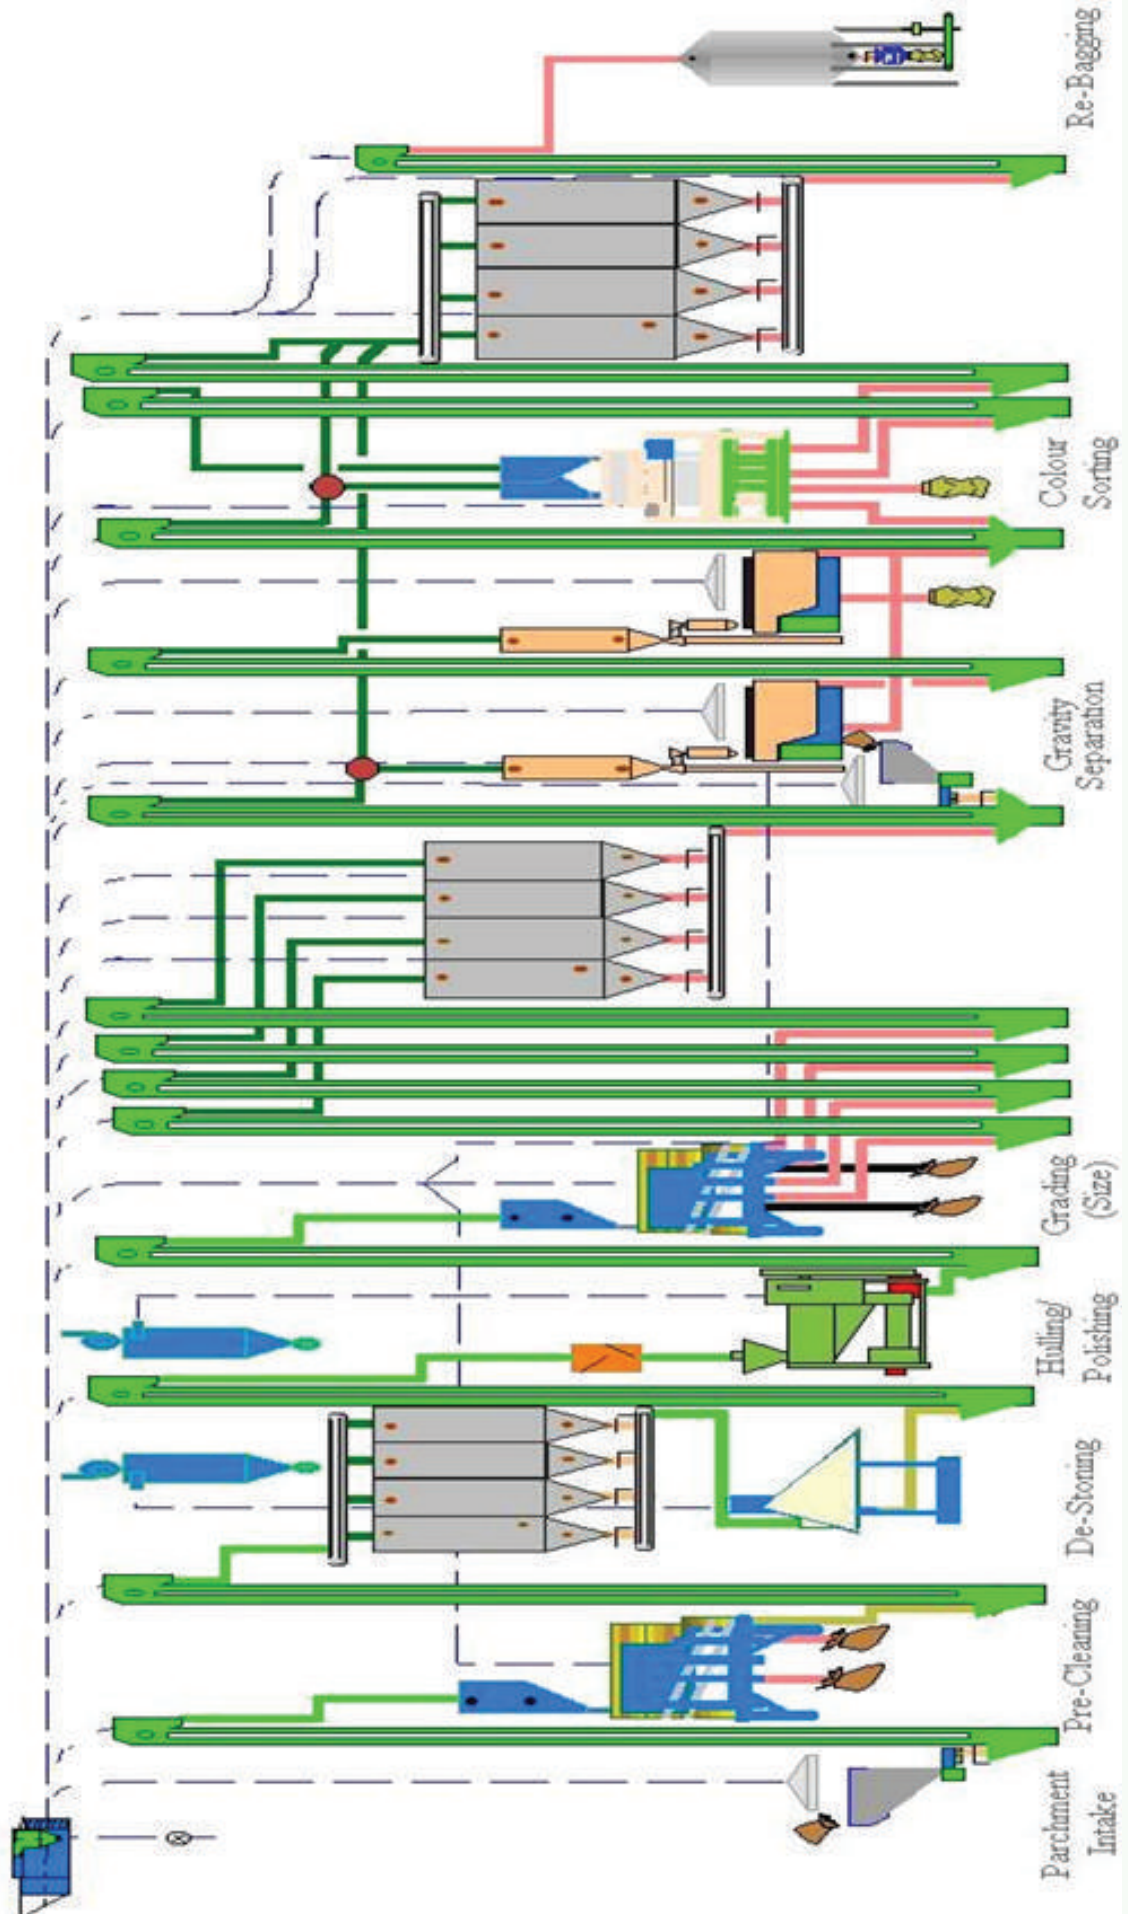

FORTIFICATION SYSTEM

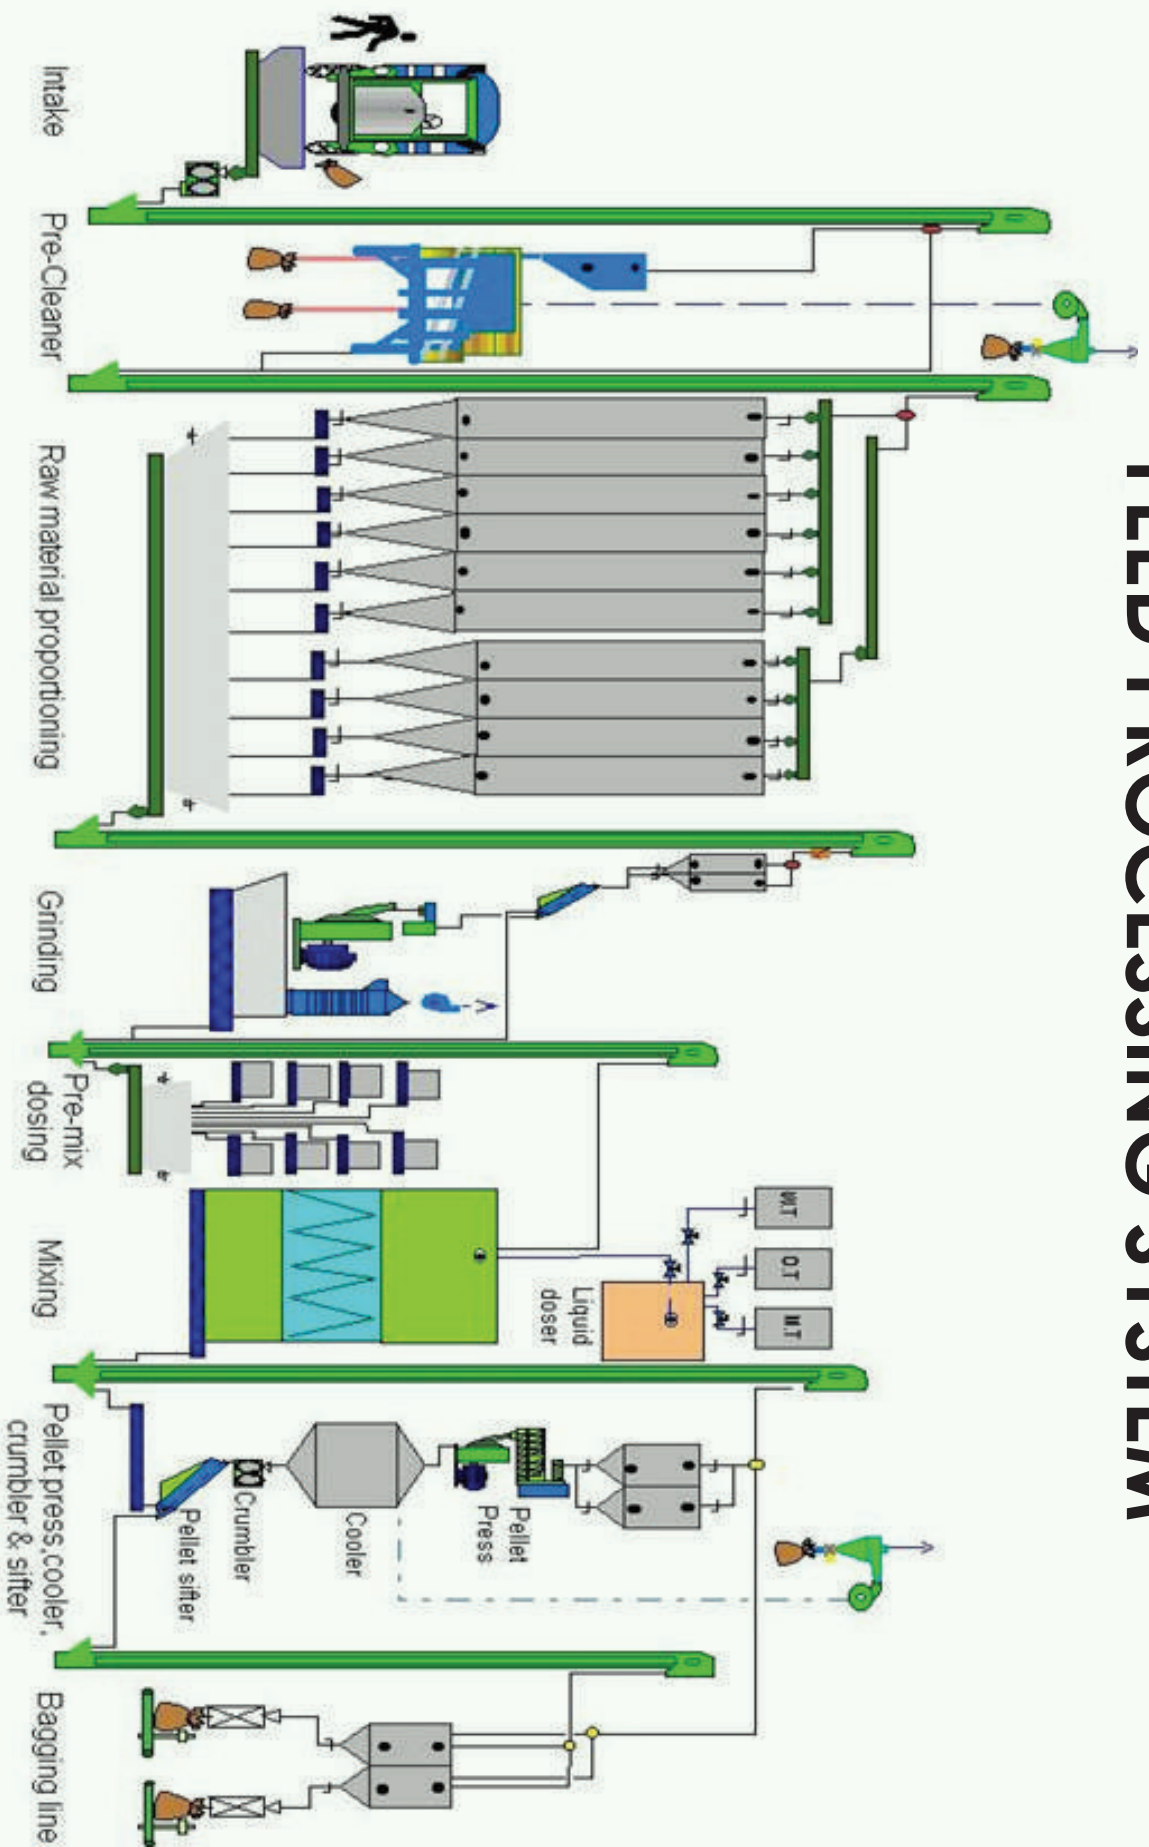

SEED PROCESSING PLANT

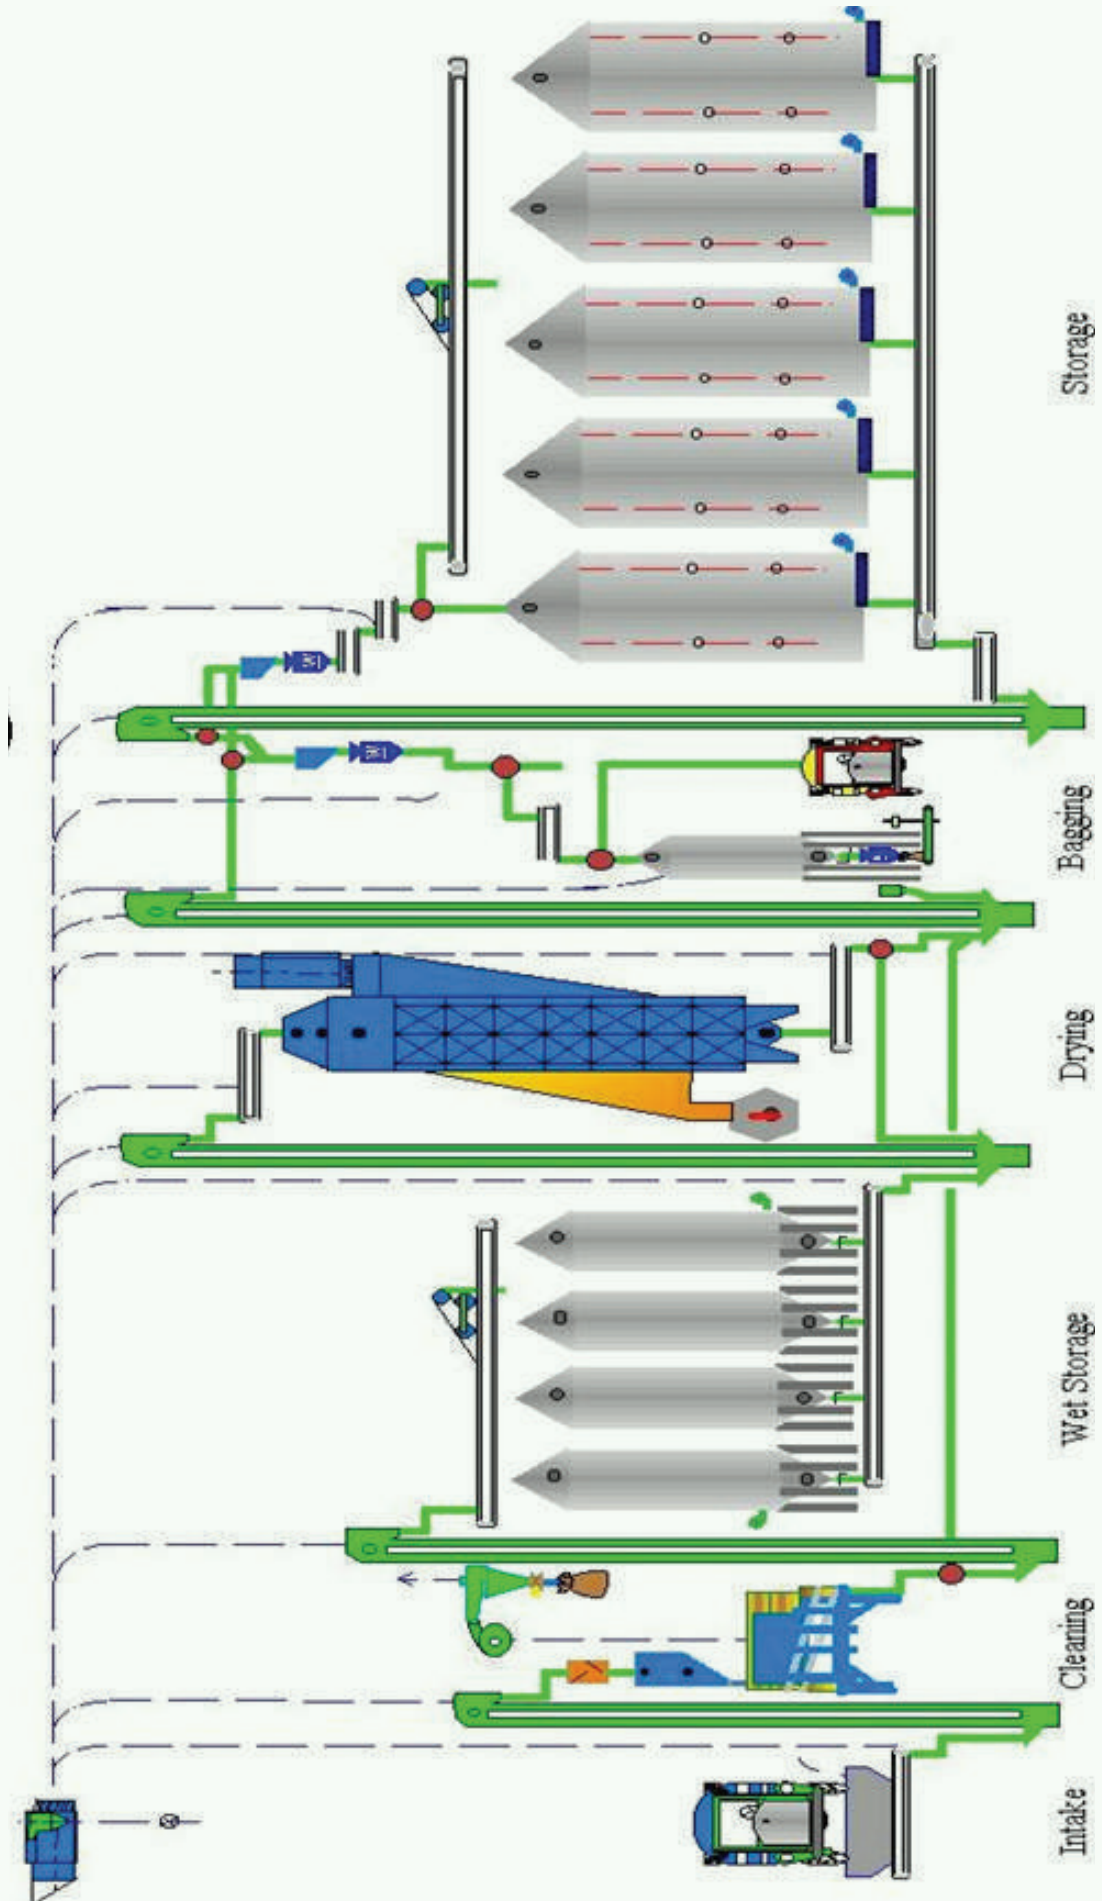

COFFEE PROCESSING PLANT

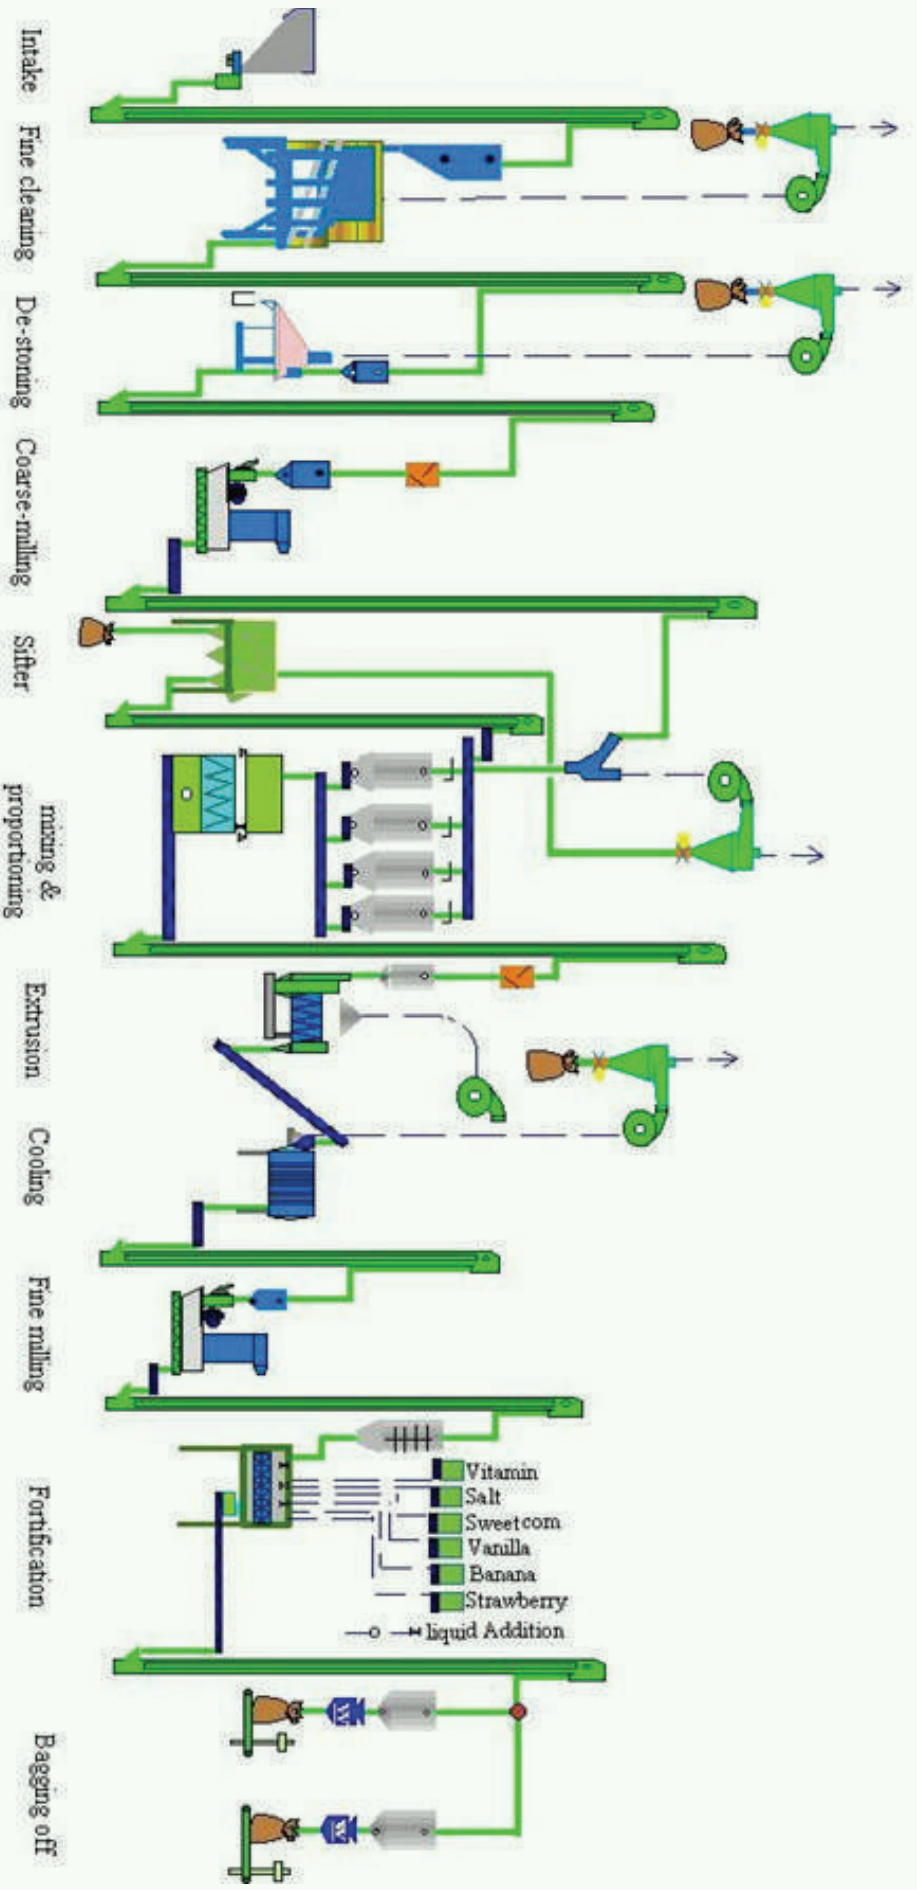

FEED PROCESSING SYSTEM

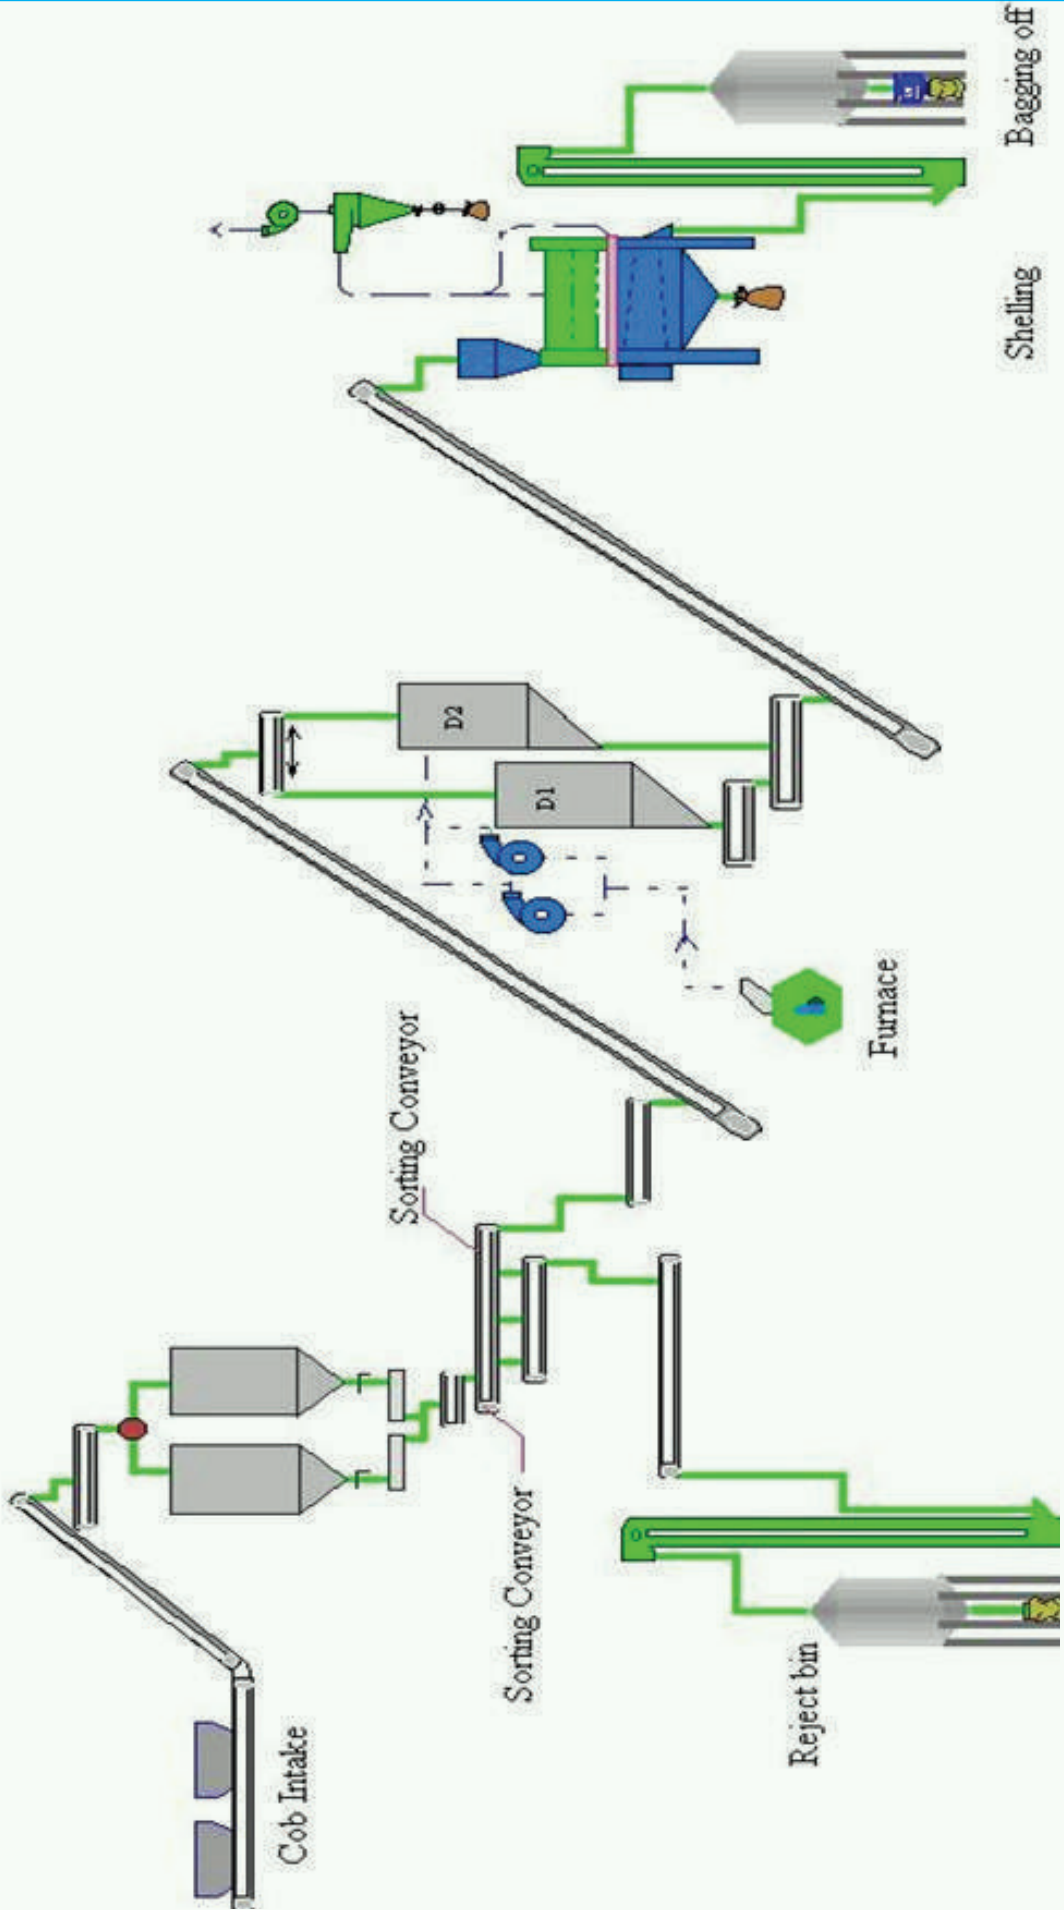

GRAIN PROCESSING PLANT

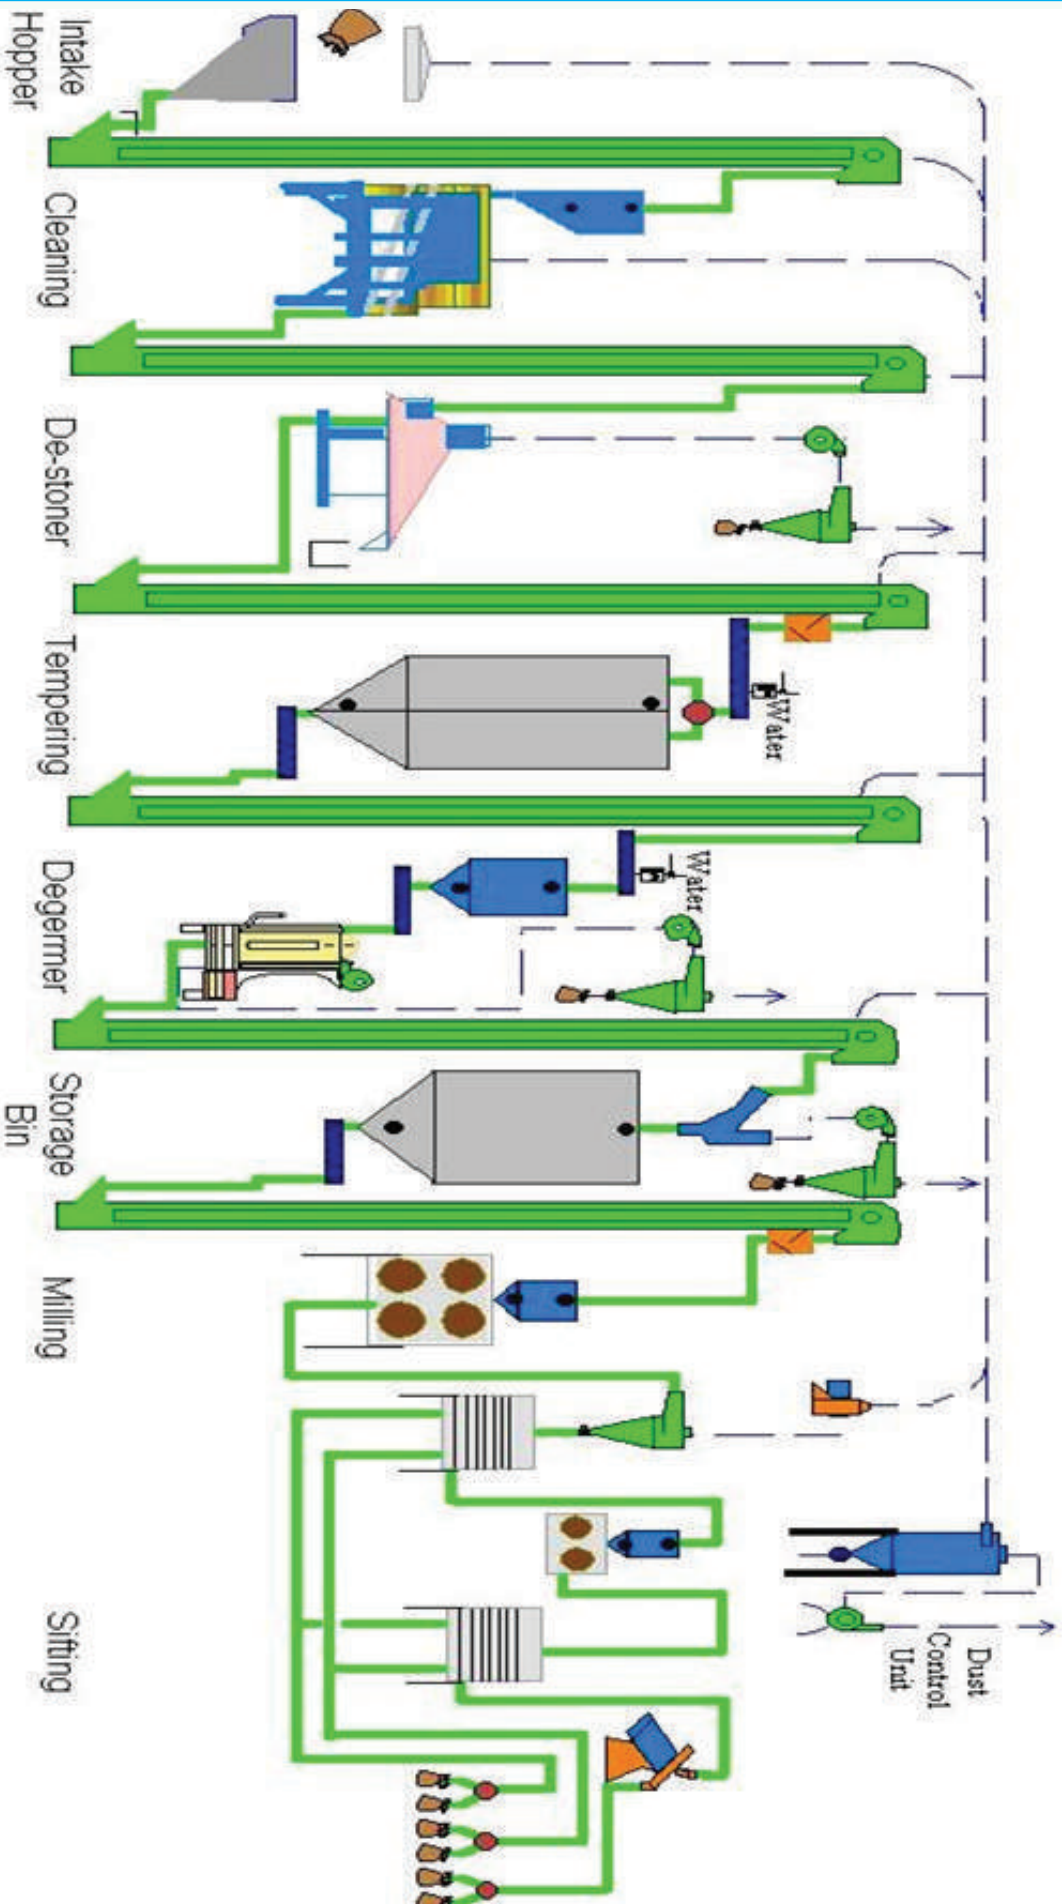

MILLING, EXTRUSION & FORTIFICATION PLANT

MAIZE COB DRYING AND SHELLING SYSTEM

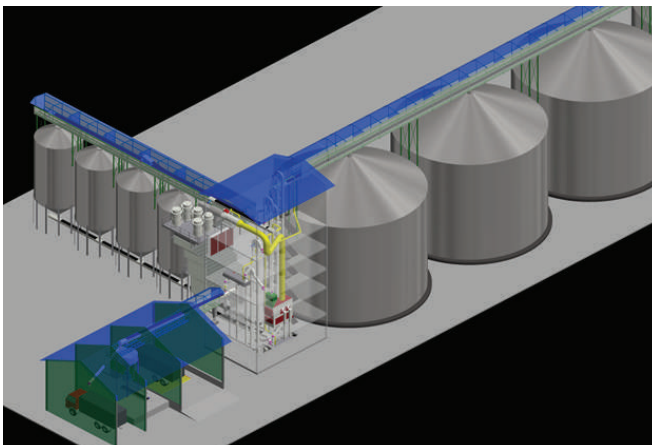

MAIZE MILLING SYSTEM

KEY PROJECTS UNDERTAKEN IN -2018-2019 BY AGCE CO. LTD

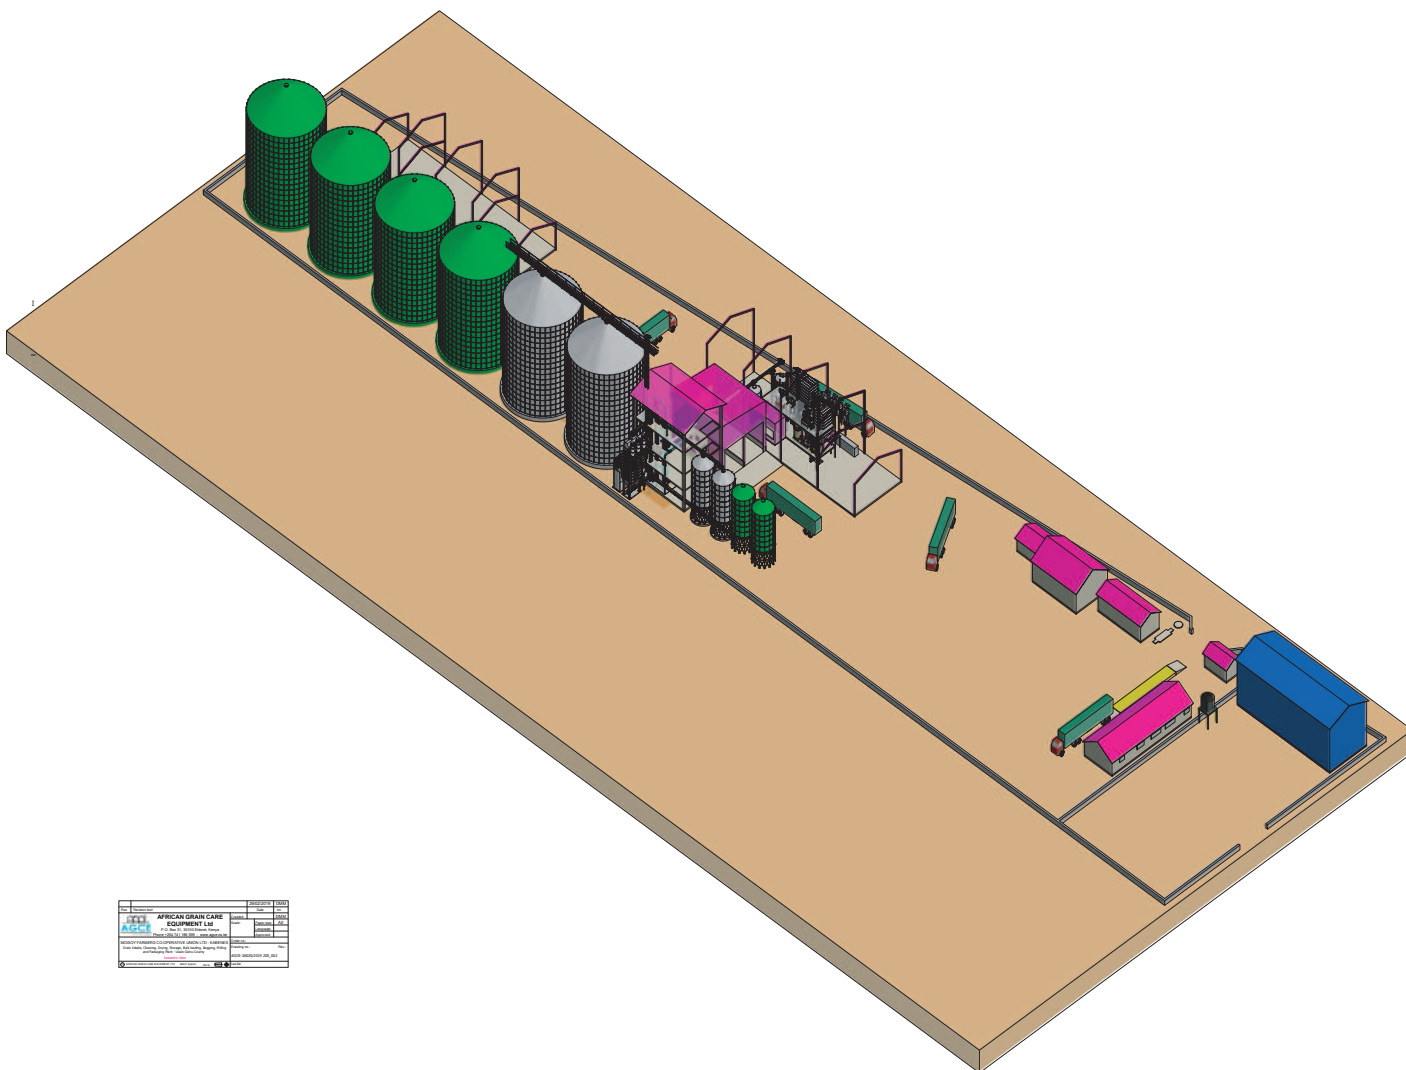

Plant Supply, Installation, Testing, Commissioning, Training and servicing.

1. **GRAIN INDUSTRIES LTD** - Kenya: 750MT / DAY Wheat Milling Plant Installation, Mechanical, Electrical, Grain Intakes, silos, offloading and bagging lines.
2. **YAZA INVESTMENT LTD** - Tanzania - Grain Intake, Cleaning, Weighing, Conveying, storage and Bagging Plant.
3. **MT. MERU MILLERS LTD** -Tanzania: Supply and Installation of Grain Processing and Conveying Equipment.
4. **UNGA LTD-Kenya:** Eldoret Plant - Installation and Commissioning of 300MT/Day Wheat Mill, Compressed Air and Water System.
5. **AGROWAYS LTD** - Uganda - Supply and Installation of Conveying Equipment, Cleaning Unit.
6. **FRONTIER FARMS LTD** - Kenya - Supply and Installation of Cleaning system.
7. **DISCOVERY SUPQUIP LTD** - Kenya - Supply and Installation of Grain Intake, Conveying equipment, Wet Hopper and Cleaning Unit and Storage Plant.
8. **ECOMAX LTD** – UGANDA - Supply of Coffee Processing Equipment.
9. **GRAIN PULSE LTD/SAVANNA COMMODITIES LTD** - Uganda - Supply and Installation of Grain Dry Destoner, Parts, Weighing Unit.
10. **KOMOOL FARMS LTD** - Kenya - Servicing of Grain Drying, Conveying and Storage Silos.
11. **BULTO FOODS LTD.** - Kenya - Mechanical and Electrical Installation of 1-3T / H Corn/ SOYA PLANT, Fabrication of machine stands and support equipment.
12. **MOISOY FARMERS CO-OPERATIVE LTD** - Kenya - Complete Design, Construction, Supply, Installation, Testing, Commissioning of Grain Intake, Cleaning, Drying, Storage, Bulk Loading, Bagging, Milling and Packaging Plant.
13. **OLDONYO NAIRASHA FARM** - Kenya - Servicing of Grain Drying and Cleaning Plant.
14. **IBERO UGANDA LTD.** - Uganda - Servicing and supply of Spares for Grain Driers, Cleaning, Conveying and Storage Plant

A model of grain Intake, cleaning, drying, bulk loading & storage plant

MOISOY MILLING PLANT DESIGN, SUPPLY AND INSTALLATION OF COMPLETE INTAKE, CLEANING, DRYING, STORAGE, MILLING AND PACKAGE PLANT.
