

AFRICAN GRAIN CARE EQUIPMENT LTD

AGCE PARTNERS

ANDRITZ

SYMAGA
SILOS

OUR CORE FUNCTIONS

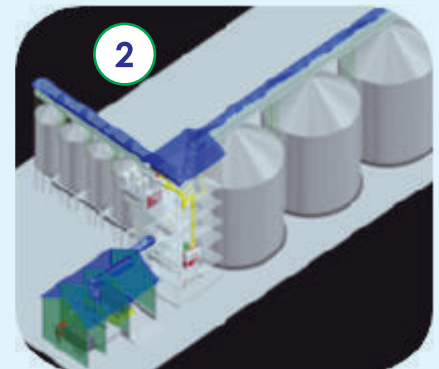

5
After sale services, Servicing equipment and Providing spares

1
Identifying client needs

4
Installation, Commissioning and Training

2
Designing solutions

3
Importing Equipment

INTRODUCTION

African Grain Care Equipment Limited (**AGCE**) is a company incorporated in Kenya with its headquarters in Eldoret at the North West of Kenya. It deals in Post-Harvest Agricultural Machines through identifying the need, design of plants, sales & importation of equipment, installation, commissioning, training, maintenance and servicing of equipment and setting of Turnkey projects.

African Grain Care Equipment Limited (**AGCE**) was established to address the need for modern technology in post-harvest grain equipment handling in Africa. **AGCE** team have a great wealth of knowledge and experience in grain handling with the Technicians and Engineers who have between 10 years and 22 years in both mechanical & electrical engineering, technical installation and sales.

Since its inception, **AGCE** has managed to sign partnership deals with leading established manufacturers of machinery and plant equipments e.g **Symaga** (Silos), **INSTA-PRO INTERNATIONAL** and **Andritz** (Feed processing equipment). Other include **Probat** (coffee roasters and grinders), **JKF** (Aspiration systems), **CIMBRIA HEID** (Coffee Equipment).

AGCE has handled numerous projects from its inception and keeps raising the standards in the workmanship and efficiency. **AGCE** has several projects (ongoing and completed) spread across the East Africa region. (Kenya, Uganda & Tanzania).

Objectives

- ▶ To be the African leader in the supply and installation of post-harvest plant machinery & equipment by year 2030
- ▶ To aid in reduction of post - harvest cereal losses to less than 5% of the harvest by 2030 through research, innovation & solutions
- ▶ To offer cost effective solutions tailored to meet the needs of various grain products in different environments.

Vision:

To be the global leader in the provision of grain handling solutions.

Mission:

To identify grain handling needs, design and deliver timely solutions through installation, commissioning of Plant Machinery & Equipment, training, maintenance and Service in Post-harvest grain handling in Africa and beyond.

Our Products & Services

Supply and Installation of: Steel Storage Silos, Dryers, Cleaners, Graders, Destoners, Bucket Elevators, Belt conveyors, Grain piping, Coffee processing (dryers, roasters, grinders), Temperature monitoring and Level control systems, Seed processing (Chemical dressers), Electrical Control Systems (PLC, DCS, SCADA), Aspirators and Controlled Plant Aspiration systems, Milling Equipment, Roller Mills, Hammer Mills and Feed Mills plants and Equipment.

- Installations, Commissioning and Training
- After Sale services, Servicing equipment and Provisions of spares.

Probat coffee units

Supply complete coffee roasting system.

We install and service coffee machines from green bean reception, cleaning, grading, roasting, grinding to packaging.

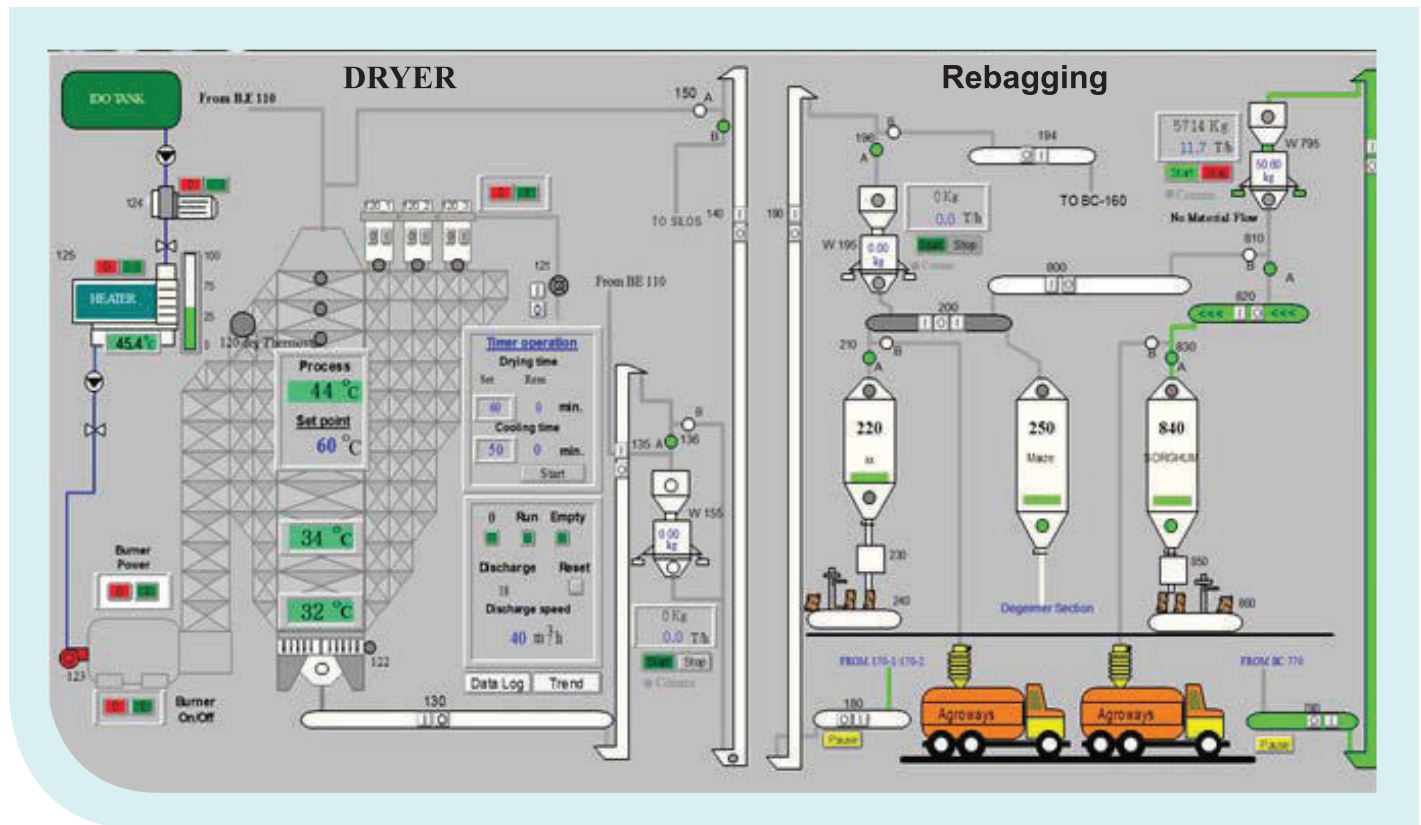

Quality lab equipment

Moisture analysers, Sample spears, etc at competitive prices with after sales service.

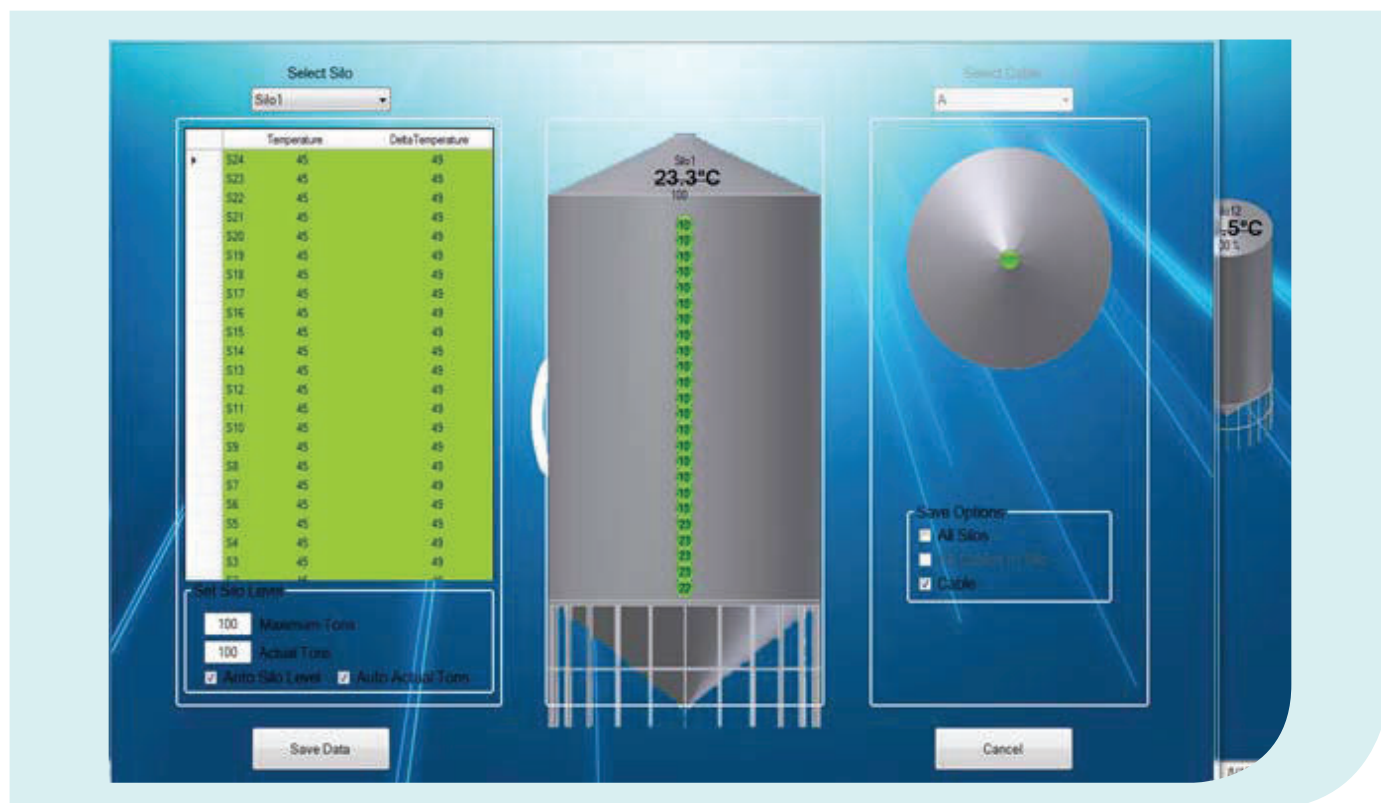

Moisture
Meter and
Hecto Litre
Kit

INSTALLATION OF ELECTRICAL CONTROL AND OPERATION SYSTEMS

TEMPERATURE AND LEVEL CONTROL MONITORING SYSTEM

CIMBRIA AND INSTA-PRO MACHINES

Cimbria Seed Grader

Cimbria Delta Cleaner

Coffee Destoner

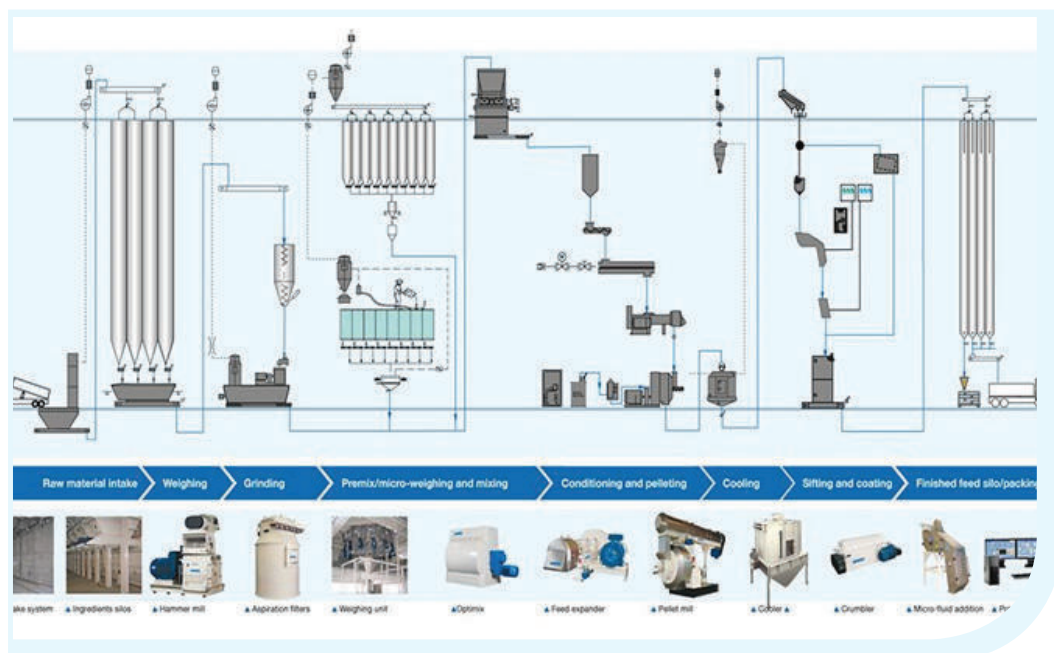

Insta-Pro 9000 Series Extruder

Insta-Pro Cooler Model 2000 Oil Press

ANDRITZ FEED MILL PLANT FLOW DIAGRAM & SPECIALIZED EQUIPMENT

Andritz single screw extruders represent state-of-the-art technology, ensuring high quality aqua feed at minimum operating costs.

Andritz offers conditioners that ensure optimum preparation of the material before the pelleting or extrusion process.

MOBILE DRIER, ASPIRATION PIPES, FEED MILL AND DE-STONER

Tubular/Pipe Magnet For Removing Ferrous (Metallic) Materials in the Grain

Aspiration and grain pipes / ducts

Louddens_stor

Mobile Drier Using PTO on 70Hp Tractor

De-stoner

KYOGA COFFEE STORAGE SILOS

10,000 MT SUNFLOWER, SOY BEAN STORAGE, INTAKE, CLEANING PLANT EXTENSION

Mt. Meru Millers, Singida Tanzania, Silo Installation 2016

NEW 300MT/24HR. WHEAT FLOUR MILL INSTALLATION 2018

APRIL 2018 TO NOVEMBER 2018

Installation of Buhler milling plant by **AGCE employees**.
With passion for quality & safety.

NEW 300MT/24HR. WHEAT FLOUR MILL INSTALLATION 2018 APRIL 2018 TO NOVEMBER 2018

Eldoret Unga Ltd Mill Installation

BUILTO FOODS LTD. NAIROBI: 3TPH CORN/SOYA PLANT EXTRUSION AND FORTIFICATION

KYOGA LIMITED - FLAT BOTTOM STORAGE SILOS FOR COFFEE

GBHL 135,000 MT SILO INSTALLATION

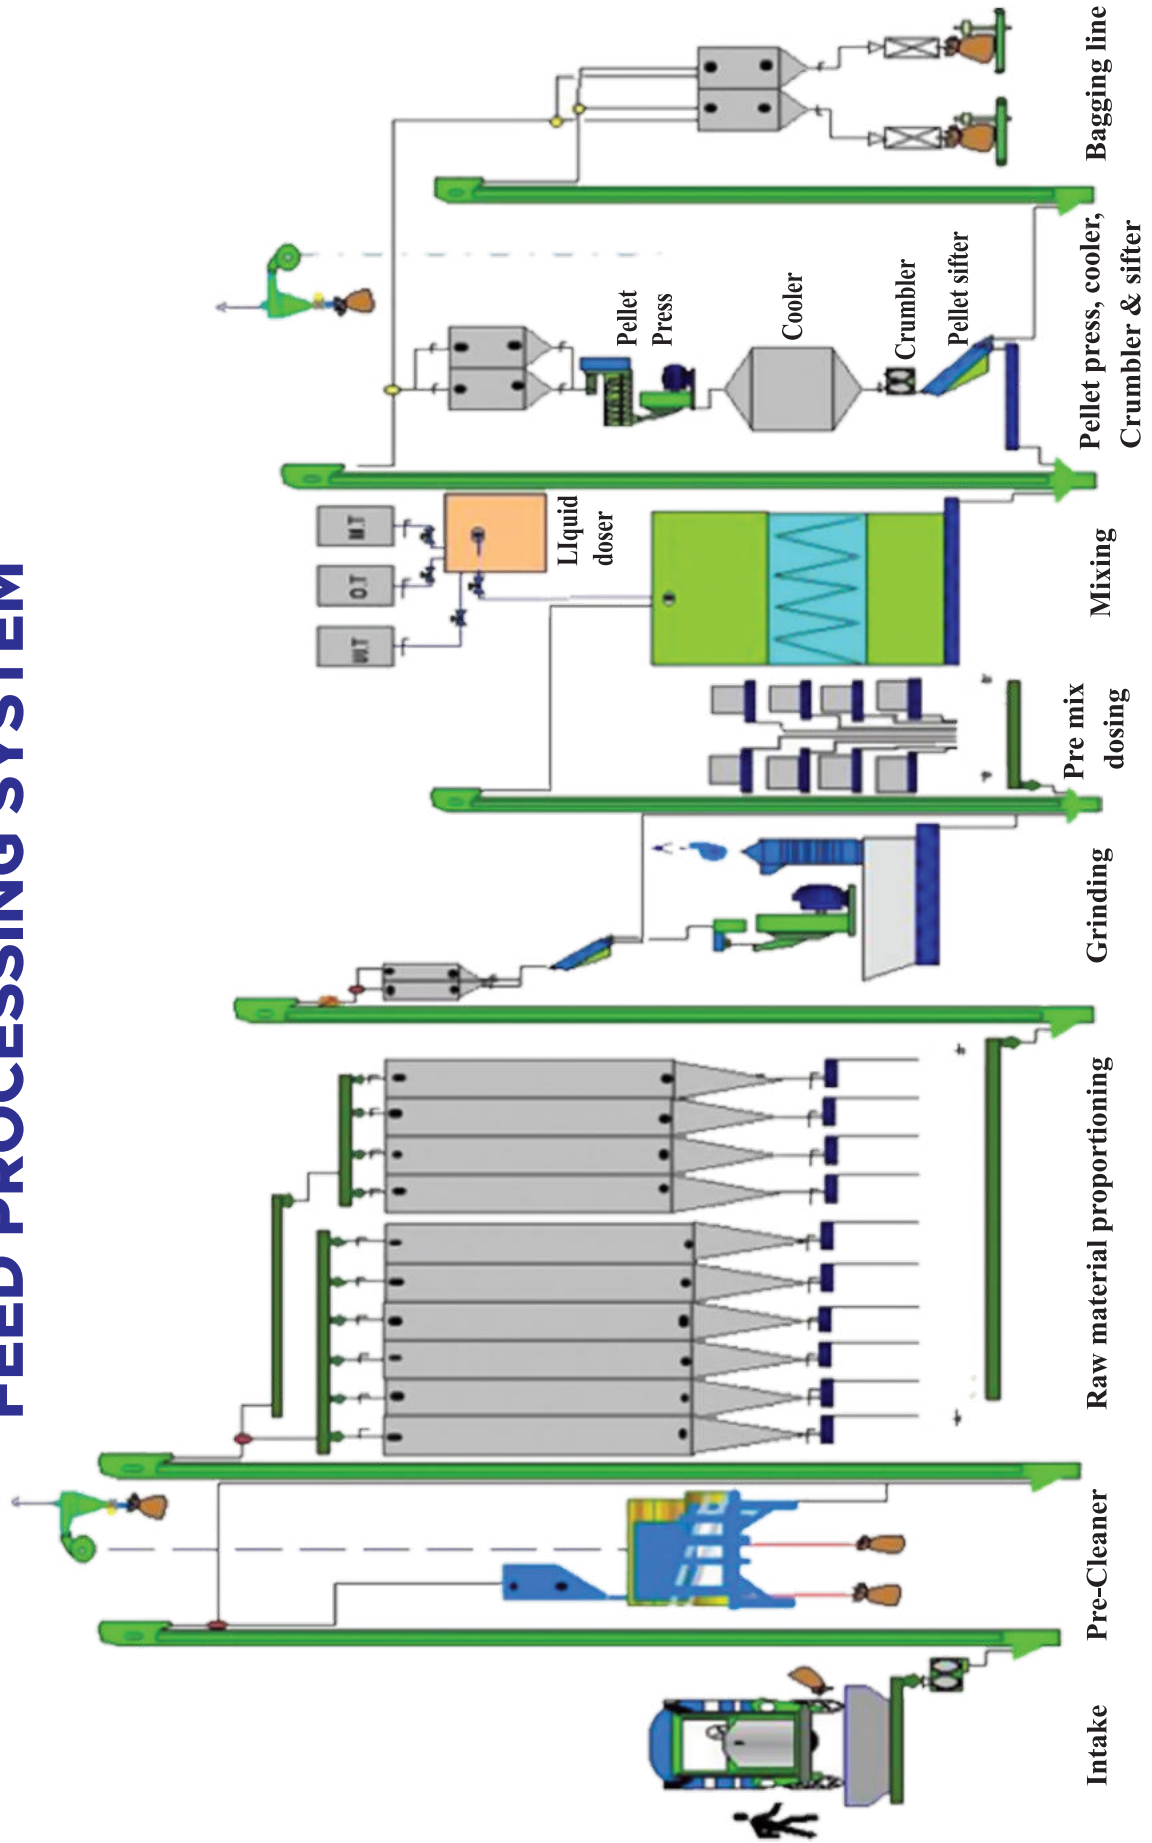

MOISOY SILO PLANT - CONSTRUCTION STAGES

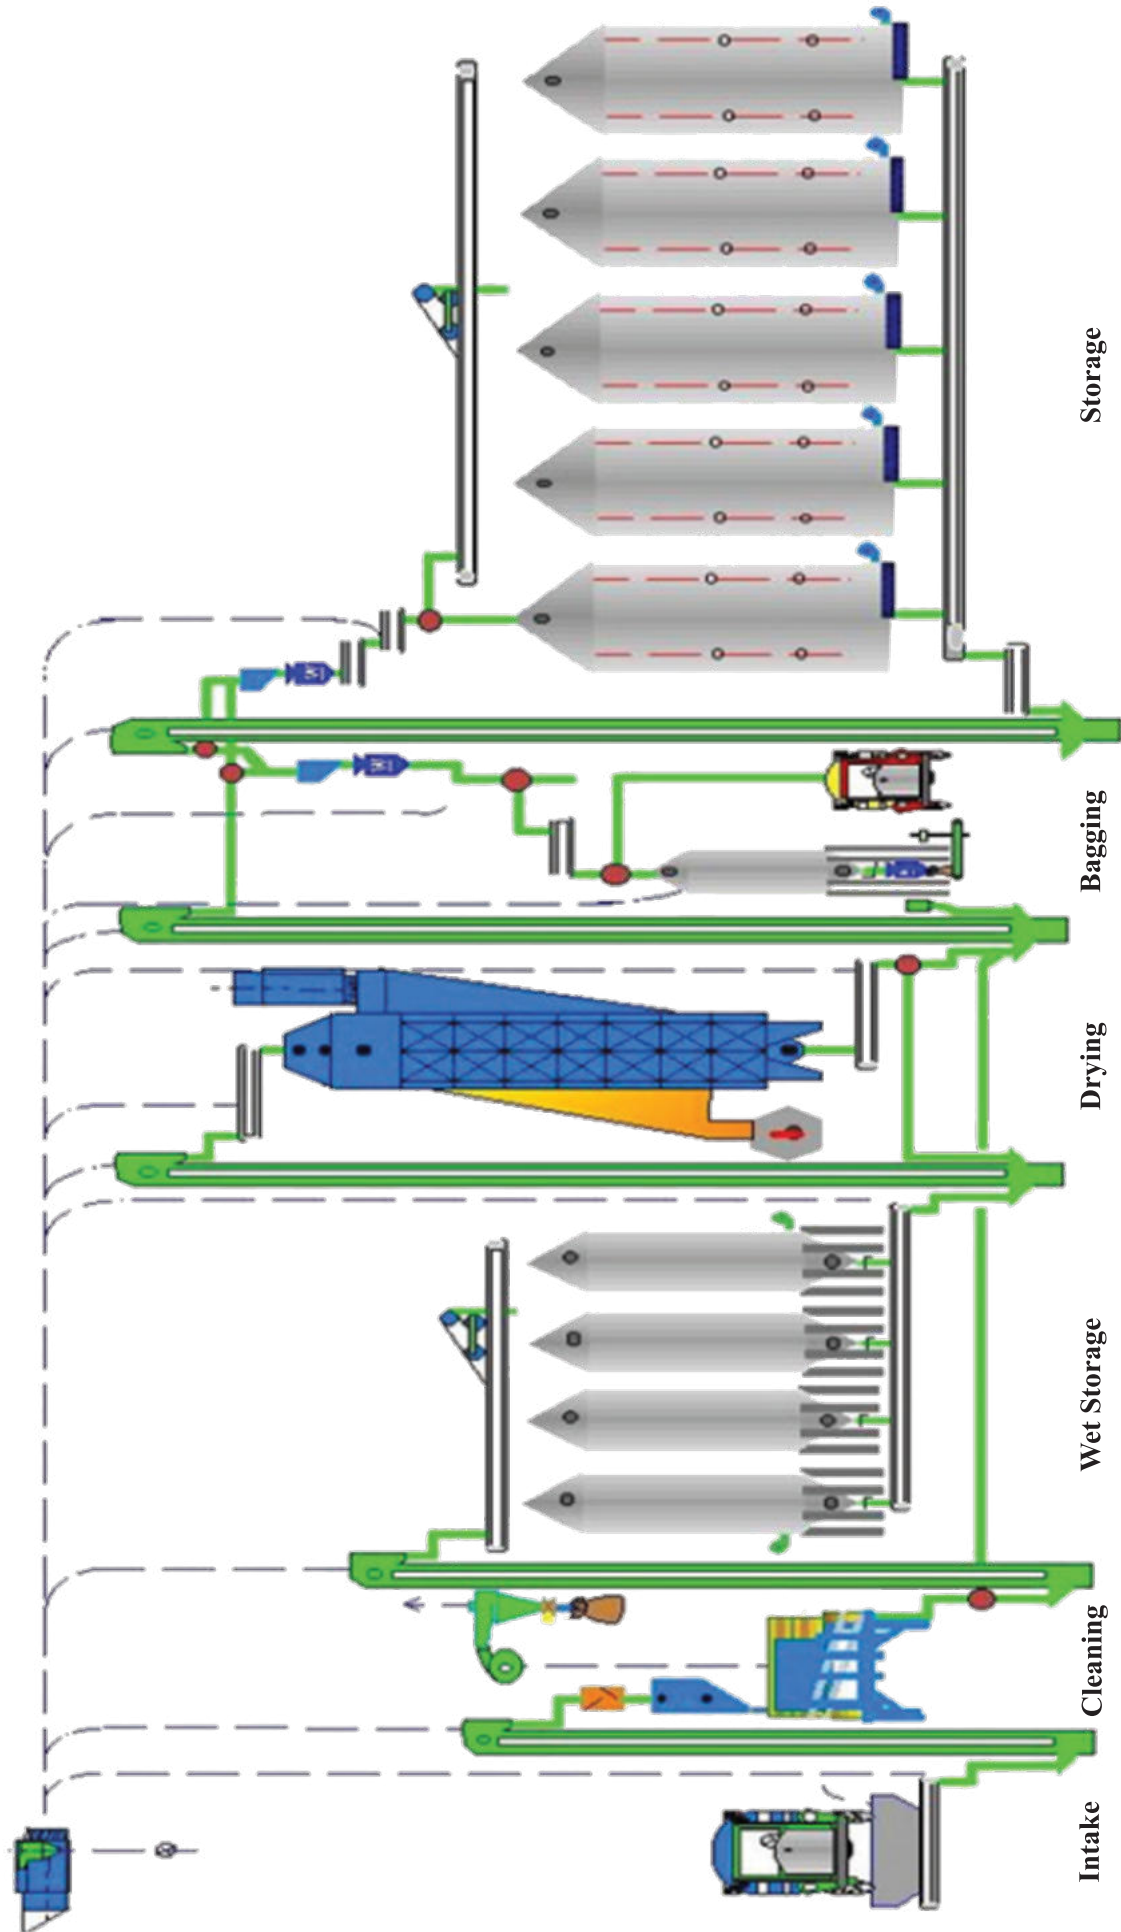

KOFC EQUIPMENT SUPPLY AND DRYER ASSEMBLY

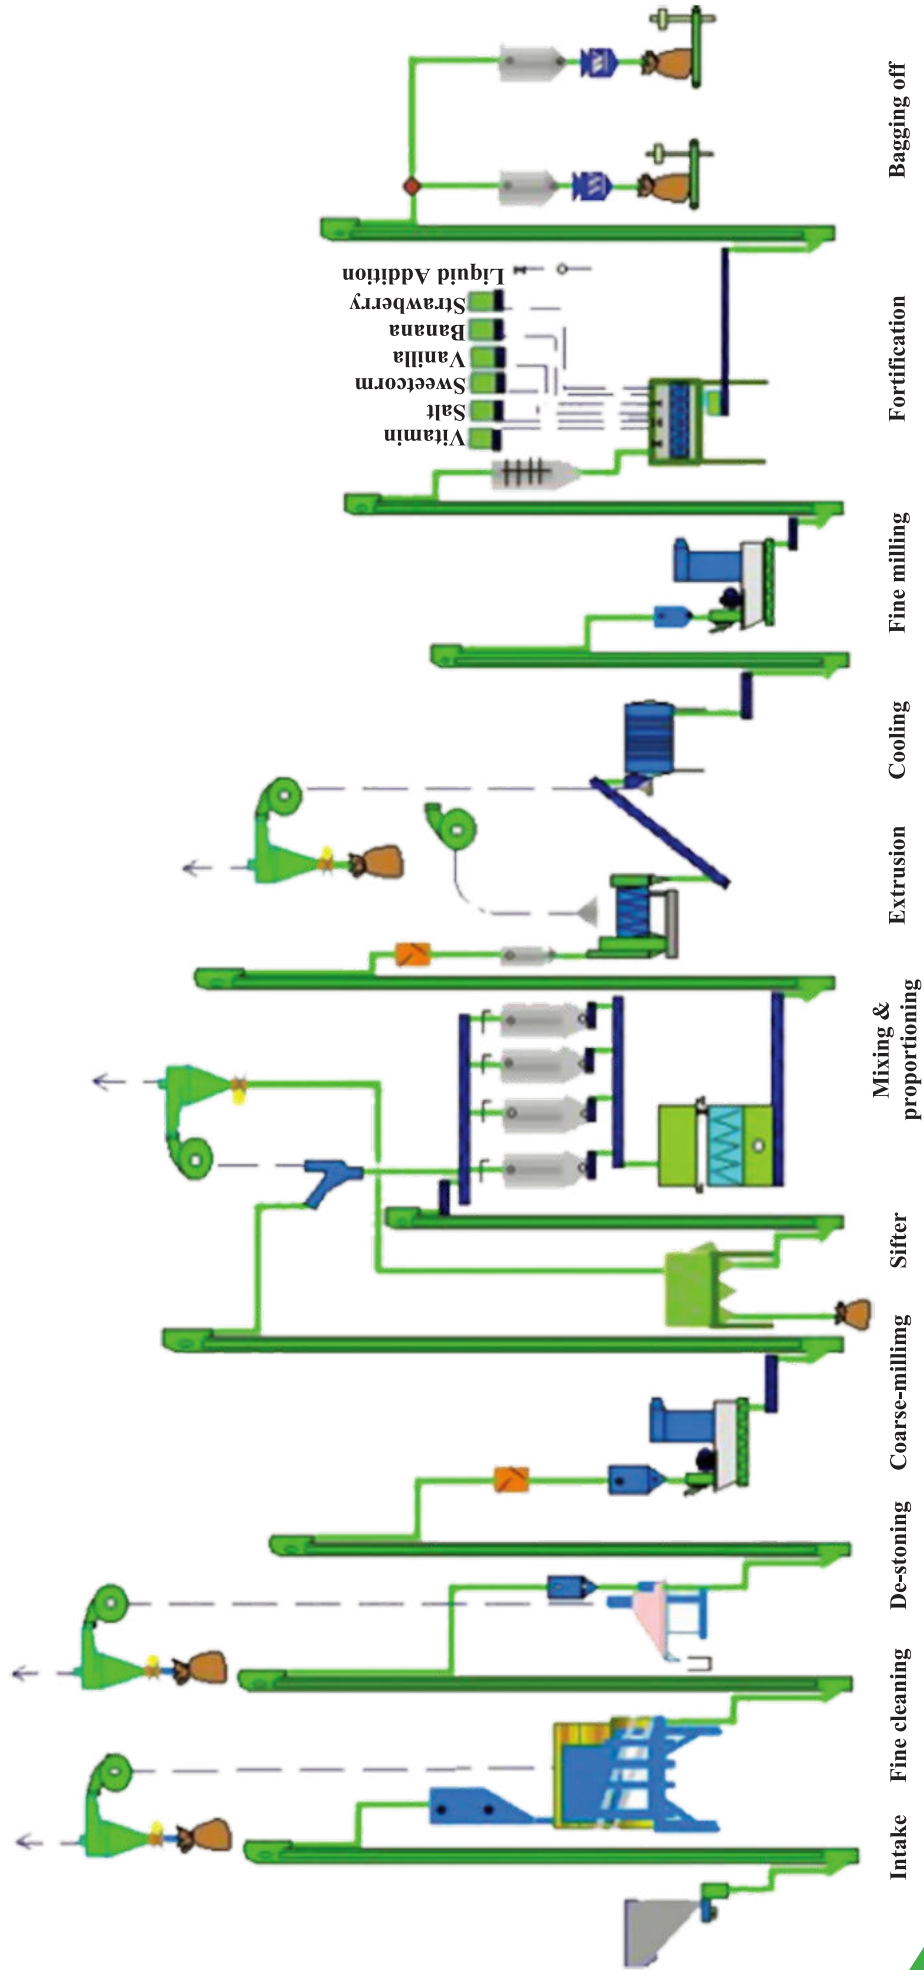

FEED PROCESSING SYSTEM

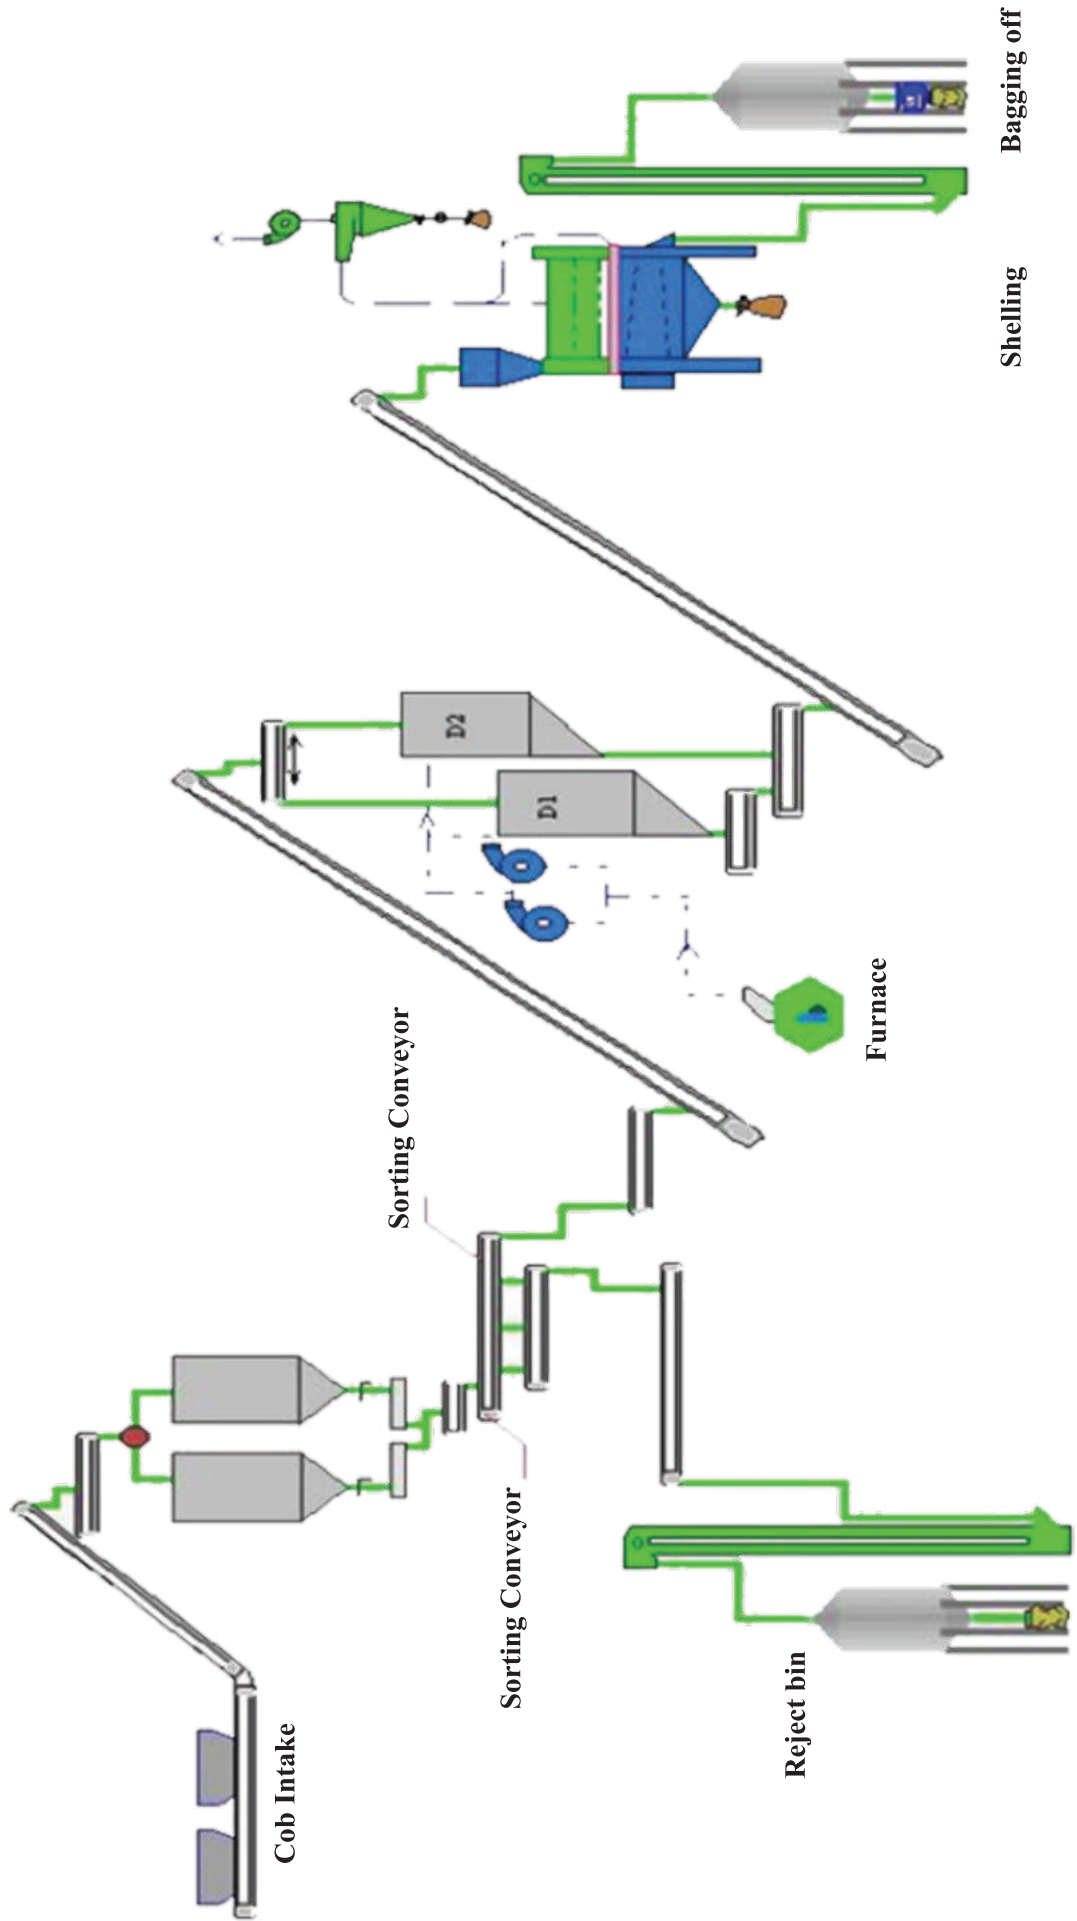

GRAIN PROCESSING PLANT

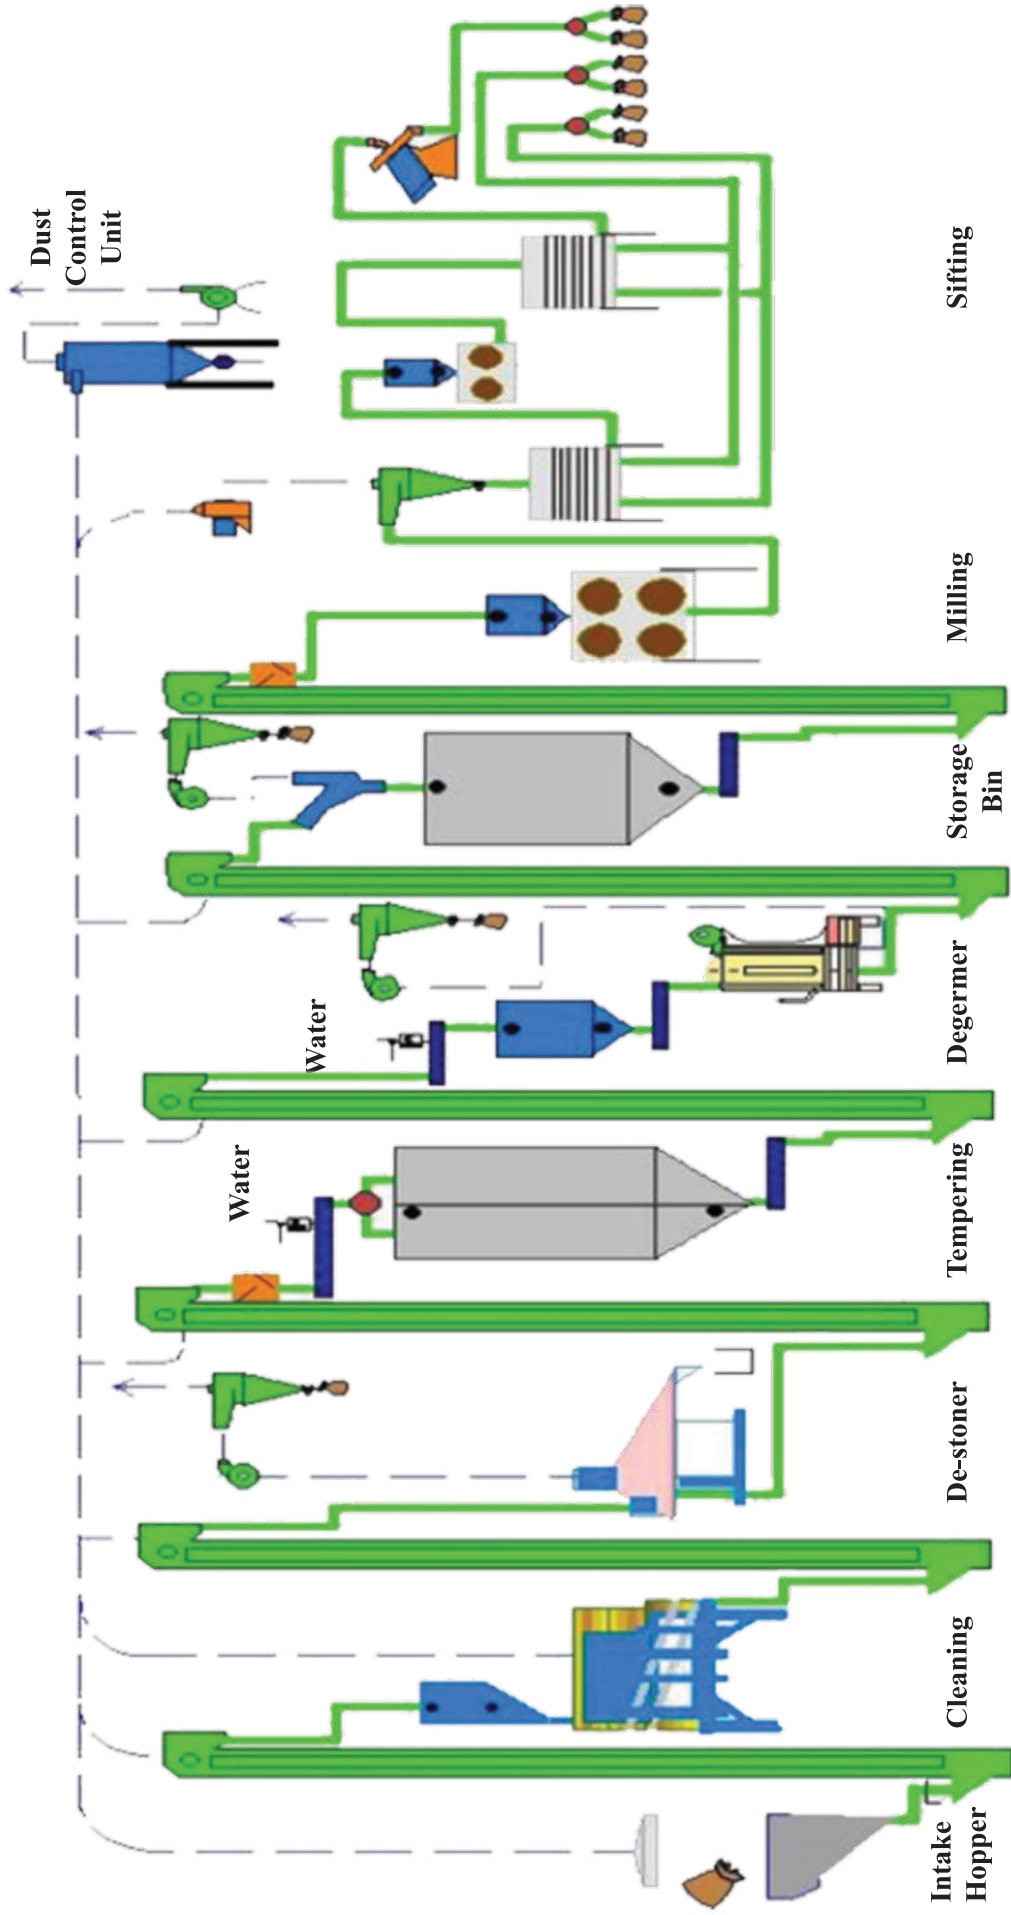

MILLING, EXTRUSION & FORTIFICATION PLANT

COFFEE PROCESSING PLANT

1. **Anirita public limited company (2026):** Silo civil works, Biomass Boiler house civil works and intake, cleaning, drying, storage and to the mill grain handling system for feed mill installation, testing and commissioning.
2. **DEHEUS ANIMAL NUTRITION, UGANDA (2024-2026):** Installation of Aqua Feed Mill, Installation of phytase line into the existing plant, Installation of pulveriser line into the existing plant, Installation of 2nd extrusion line into the existing plant.
3. **UNGA LTD-KENYA (2018-2026):** Plant-Installation and Commissioning of 300MT/Day Wheat Mill, Compressed Air and Water System- Eldoret. Supply of spare parts, General service of equipment and revival of a 3tph maize mill plant - Eldoret.
Relocation of equipment to pave way for expansion at the packaging line - Nairobi
4. **Brisk solutions ltd (2025):** Supply, installation, testing and commissioning of 100tph inline weighing scales.
5. **MJ NUTRITION, UGANDA (2023-2024):** Arabica and Robusta Coffee Processing Plant.
6. **MINISTRY OF AGRICULTURE, KENYA(2023-2024):** Supply of Forty (40) Mobile Dryers.
7. **UGACOF LIMITED, KAMPALA – UGANDA (2021/2022):** Coffee Storage and Weighing Plant.
8. **KENYA ORDINANCE FACTORIES CORPORATION (KOFCC) – KENYA:** Complete Design, Construction, Supply, Installation, Testing, Training and Commissioning of Grain Intake, Cleaning, Drying, Storage, Bulk Loading & Bagging Off Plant
9. **GBHL/GIL LTD.-NAIROBI KENYA (2019/20):** 135,000MT Silo Plant Complete with Intake, Conveying, Cleaning Aspiration and Bagging Systems.
10. **GBHL MOMBASA, KENYA (2020):** Mombasa Port Intake and Conveying Systems.
11. **MOISOY FARMERS CO-OPERATIVE LTD - KENYA (2019/2020):** Complete Design, Construction, Supply, Installation, Testing, Commissioning of Grain Intake, Cleaning, Drying, Storage, Bulk Loading, Bagging, Milling and Packaging Plant.
12. **ENGAANO MILLERS – JINJA, UGANDA (2020):** Bulk Intake Equipment & Conveying System.
13. **BULTO FOODS LTD. - KENYA (2019/2020):** Mechanical and Electrical Installation of 1-3T/H; CORN/SOYA Plant, Fabrication of Machine Stands and Support Equipment.
14. **DISCOVERY SUPQUIP LTD - KENYA (2019/2020):** Supply and Installation of Grain Intake, Conveying equipment, Wet Hopper and Cleaning Unit and Storage Plant.
15. **FRONTIER FARMS LTD - KENYA (2018):** Supply and Installation of Cleaning system.
16. **IBERO UGANDA LTD – UGANDA (2016/17/18/19):** Servicing and Supply of Spares for Grain Driers, Cleaning, Conveying and Storage Plant.
17. **GRAIN INDUSTRIES LTD - KENYA (2016/17):** 750MT/DAY Wheat Milling Plant Installation, Mechanical, Electrical, Grain Intakes, silos, offloading and bagging lines.
18. **KOMOOL FARMS LTD – KENYA (2017/18):** Servicing of Grain Drying, Conveying and Storage Silos.
19. **GRAIN PULSE LTD/SAVANNA COMMODITIES LTD-(2016/17):** Supply and Installation of Grain Dry Destoner, Parts & Weighing Unit.
20. **ECOMAX LTD – UGANDA (2018/19):** Supply of Coffee Processing Equipment.
21. **MT. MERU MILLERS LTD - TANZANIA (2016/2018/2019):** Supply and Installation of Grain Processing and Conveying Equipment.
22. **YAZA INVESTMENT LTD - TANZANIA (2016):** Grain Intake, Cleaning, Weighing, Conveying, storage and Bagging Plant.
23. **AGROWAYS LTD - UGANDA (2016):** Supply and Installation of Conveying Equipment & Cleaning Unit.
